|                                                                                                                                                                                       |  |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| 1. Is the research original?<br>Does it contribute to the field or provide new knowledge?                                                                                             |  |
| 2. Does the title clearly reflect its content?                                                                                                                                        |  |
| 3. Does the abstract present an impersonal, non-critical yet informative account of the research?                                                                                     |  |
| 4. Did the author(s) review the existing literature adequately?                                                                                                                       |  |
| 5. Are the sources well-cited?                                                                                                                                                        |  |
| 6. Are the objectives clearly defined?                                                                                                                                                |  |
| 7. Is the paper technically accurate in terms of methods, statistics, and so forth? (Provide details for specific comments.)                                                          |  |
| 8. Are the methods suitable/appropriate and well-described? Do the elaborate details allow others to evaluate and/or replicate the research? (Provide details for specific comments.) |  |
| 9. Do the statistical analyses require further assessment by statistical expertise? (Provide details)                                                                                 |  |
| 10. Are the data appropriate to answer the problems of the study? (Provide details for specific comments.)                                                                            |  |

|                                                                                                                                                                                                          |  |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| 11. Is the interpretation in the discussion and conclusion well-founded? Does it support the data drawn? Are the references to other relevant works applicable? (Provide details for specific comments.) |  |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|

B. STRUCTURE

|                                                                              |  |
|------------------------------------------------------------------------------|--|
| 1. Does the article follow the prescribed format?                            |  |
| 2. Does the length of the article discuss all essential content and purpose? |  |
| 3. Are all citations listed in the references and vice versa?                |  |
| 4. Is the references listed adhering to the journal's formatting style?      |  |

C. STYLE

|                                                                                    |  |
|------------------------------------------------------------------------------------|--|
| 1. Is the style straightforward and direct to the point?                           |  |
| 2. Are the paragraphs clear, logical, and coherent?                                |  |
| 3. Are the grammar and spelling correct?                                           |  |
| 4. Does the article meet the standard quality of writing expected for publication? |  |

D. SPECIFIC COMMENTS (Use additional pages if necessary)

| Page | Line | Comments and Recommendations |
|------|------|------------------------------|
|      |      |                              |
|      |      |                              |
|      |      |                              |
|      |      |                              |
|      |      |                              |

E. RECOMMENDATION
