

-.C.- Foundation
Unknown Organisation

AGE: Est. 1900s

STATUS: Active

INDUSTRY: Scientific

LOC: Global

-.C.- Foundation seems to be a global corporation involved in scientific research. The only results online are either behind some strange wall of ad's and images that depict weird 'Memes'.

A lot seems to reference some sort of "Monsters," some posts calling them Anomalies... However, after these people make these posts online- they seem to forget all about it and get confused about the enrollment into these forums.
