Dream your Dream

A ReedShine MAP

What is Dream your Dream?

Dream your Dream is a multi animator project about a minor character in MapleShade's Vengeance, ReedShine. In this AU, ReedShine cares for MapleShade's dead kits and eventually many more kits that were lost too soon in StarClan.

Guidelines

- If you are revealed to engage in racist/homophobic/etc behavior or support these behaviors by someone else, you will be kicked from the MAP no matter your progress and blacklisted from any further MAPs.

Rules

- This MAP is **NOT** a first come first serve MAP. You will be required to send me examples so I can

choose who would be able to animate the part correctly.

- The maximum parts you can take is 2 parts! This MAP has a good amount of parts so one participant will be able to obtain 2, but please do not bite off more than you can chew!

- This is a **PMV** MAP! Please only use PMV.

- If you must drop, **please** speak to me about it. I will not get mad at you for having to drop, I've dropped from many projects myself. If you do not have the time, please inform me.

- **FOLLOW THE DESIGNS.** Changes of any sort cannot be made to the designs. Me and the co-hosts have worked very hard on these designs and it would be rude of you to change them.

- **FOLLOW THE BACKGROUNDS AND SHADING GUIDES.** This MAP is going to have some intensely shaded parts to give it atmosphere. Please do not take one of these parts if you believe you're unfit to do this.

- **PLEASE ADD LYRICS TO YOUR PART!** I want to make the MAP slightly similar to the music video for this song for that nostalgic feel!

- **NO WATERMARKS**. Flipaclip watermarks or other watermarks of any sort are not permitted. I will edit the watermarks on myself.

- Please include 3-4 frames before and after your part to make it easier for me to edit the parts together.

- **DISCORD** is required! It makes it easier for me to communicate with you.

- **FAKE MAP PARTS** are allowed if the participant holding the part you want to make a fake part agrees. There will be a list of participants who do and do not allow fake parts.

- **THE MAP MUST BE FINISHED BY THE DEADLINE (October 1st).**

- Extensions are allowed as long as you show progress.

- The Codeword is **Dream**.
