Multiplication Tic-Tac-Toe

Players: 2

Materials: One Tic-Tac-Toe Board, Two paper clips,
Colored pencils or crayons

Directions:

1. Each player picks a different color pencil or crayon.
2. Player 1 places a paper clip on one of the numbers below the chart.
3. Player 2 places the other paper clip on a number and multiplies the two numbers. Player 2 colors the product.
4. Player 1 moves one paper clip and multiplies the two numbers. Player 1 colors the product.
5. Players continue taking turns moving a paper clip and coloring the product until one player has colored four squares in a row.
