

1. Over the Hedge Universe

It's the exact same universe in our reality, except being 2D.

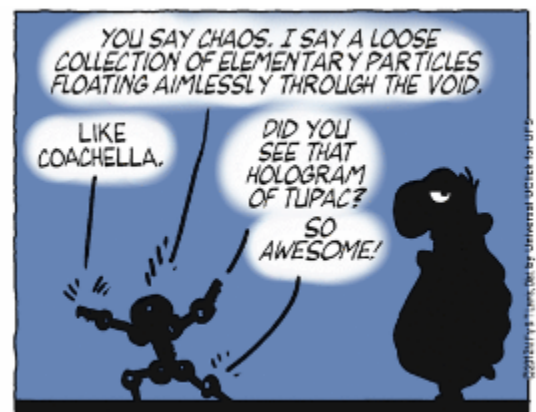

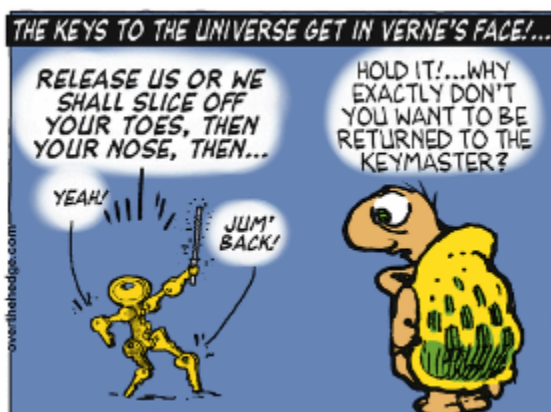

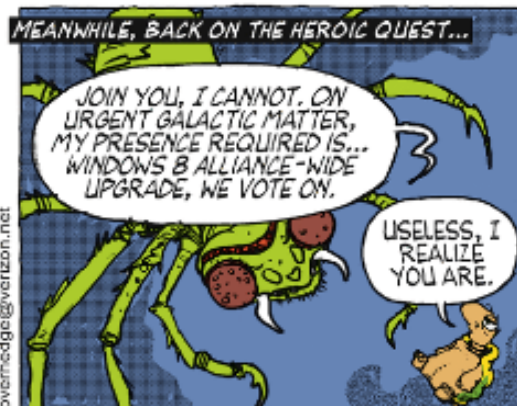

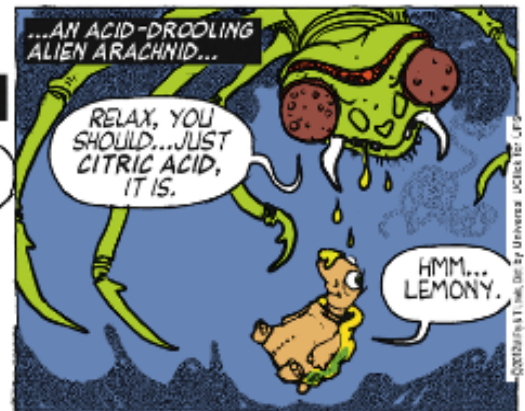

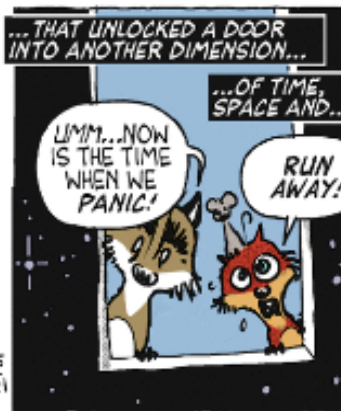

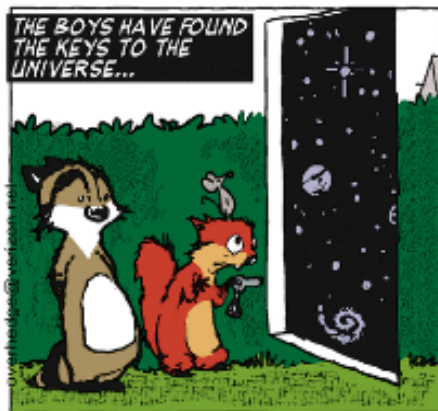

it is also constantly expanding as well (Said by Verne).

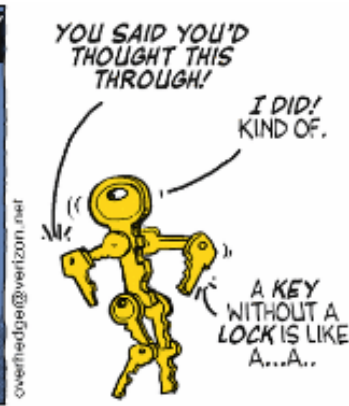

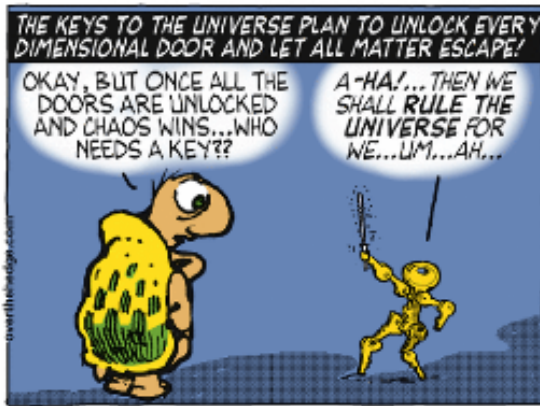

There's another galaxy far, far, far away.

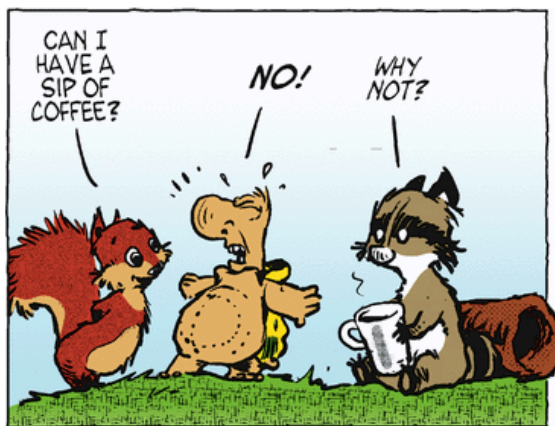

Within the Universe it has multiple Dimensions led by multiple Dimensional doors (Via Through the Keys of the Universe).

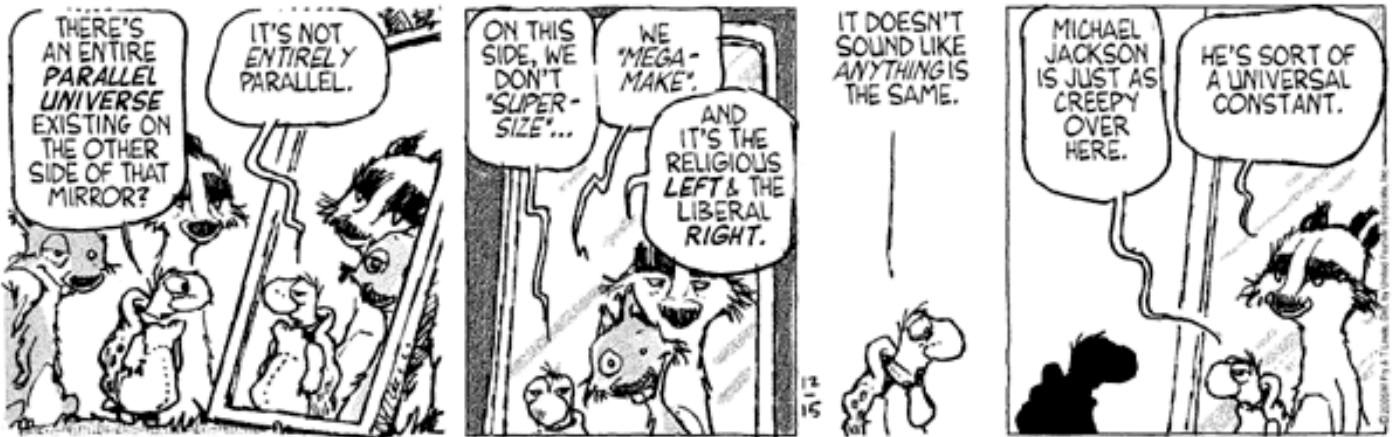

The fuse (Which is the Big Bang) is not only responsible for creating the universe, but also all of existence as well

2. Mirror Universe / Reality

The Mirror Universe is an exact mirror of the one we know in this one, except the characters act differently (except Michael Jackson).

3. Hammuary Month

4. Parallel Universes and Dimensions

5. Throughout Heaven and Earth-

Oh, yeah. Hell exist as well.

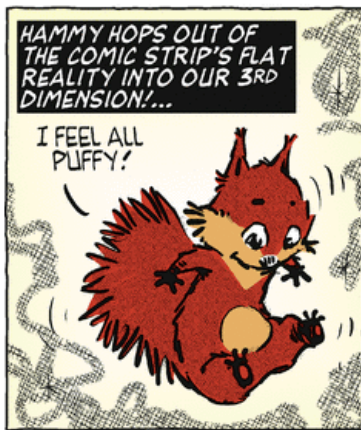

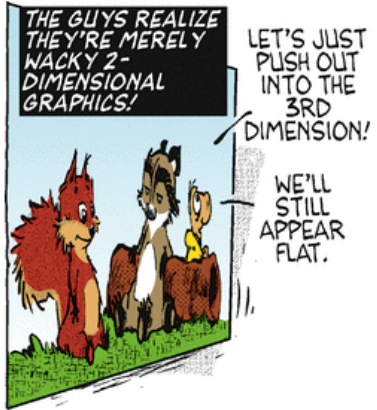

7. Other Comic Strip Universes

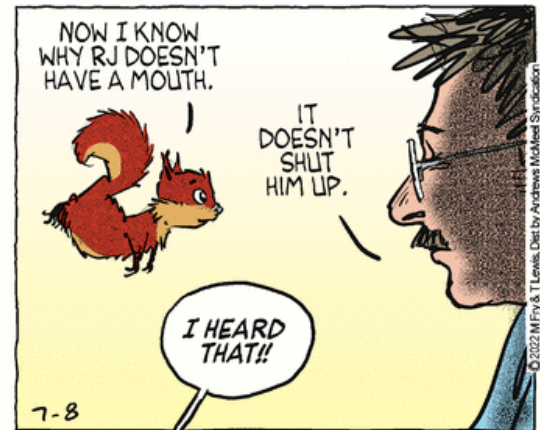

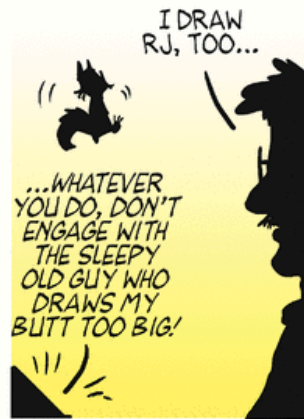

(Debatable) 8. A Higher Plane of the Entire Reality / Simulation Theory

9. The Writer and Artist Plane / The Real World

(Debatably Funny) Crossover:
