I would like to take a moment and explain what Kiva.org does... **“Selfie Video”**

People around the world work hard everyday... **“Coffee Farmer”**

...for their families... **“Bolivian children”**

...for a brighter future... **“Local Fishermen”**

...for a chance to make a difference. **“alpaca farmers peru”**

But hard work isn't always enough in a world where opportunity is limited and resources are scarce. **“Drought”**

Kiva helps people, help themselves by supporting their businesses with small loans. **“Ecuador farmer”**

Here's the amazing part, it's not a donation... it's a loan! **“Costa Rican farmer”**

When the loan is paid back, Kiva helps another person's business with a loan. **“Coffee Farmer”**

This process is repeated thousands of times a month. **“ecuador artisans”**

The loans provide... **“micro financing”**

....seeds... **“seeds”**

...livestock... **“water buffalo working”**

...machines... **“coffee drying machine”**

...clean energy. **“solar water pump africa”**

Here at the MET we support Kiva as they support small business owners around the world.
