## ACADEMIC PROGRAM

---

River Bluff High School’s courses are arranged so that students are heterogeneously grouped to maximize the social construction of meaning in an academically rigorous environment. Course offerings reflect our commitment to interdisciplinary connections between courses, and teachers utilize common instructional practices to support students’ learning (including the active use of learning targets, checking for understanding throughout the class, intentional debriefs/summaries at the end of class, and regular homework that builds upon the day’s lesson or prepares for the following day’s work). Students practice new and developing skills through the workshop model of instruction, make real-world connections with our community through the use of experts and fieldwork, and are guided through curricular units that promote inquiry, rigor, and engagement. Curricular units in all courses utilize diverse strategies to engage students in authentic, standards-based learning experiences.

River Bluff’s Habits of Success align with Lexington County School District One’s Graduate Profile competencies: Knowledgeable, Creative Thinker and Problem Solver, Independent Learner, Communicator, Collaborator, Future-ready Literate, Personally and Socially Responsible, Kind, Resilient. These Habits of Success and competency skills are vital to each student’s post secondary success and the RBHS academic program is designed to ensure all students develop and master these skills.

## CREW

---

All students and teachers will be a part of CREW, which will direct the course of learning – literally taking the wheel. Just as crew on a ship, students will not just be “along for the ride.” They are responsible for where the journey leads. Through teamwork, students will not only grow as a learner but also as a person.

Students will be part of a 15-20 student CREW that will meet 5 days a week throughout the school year. The CREW experience will be supervised by a CREW leader. CREW leaders will facilitate daily activities but will not drive them. In CREW, all will have leadership opportunities as part of a team.

The purpose of CREW is to help develop life skills including confidence, responsibility, respect, honesty, communication, and personal and academic drive. It will provide students with a safe place to explore, share, create, make mistakes, reflect, learn, prepare, and celebrate. The small size of CREW will help students connect with their CREW leader and fellow classmates on a personal and positive level. Forming bonds and relationships will build community and guide overall academic success at River Bluff High School.

During CREW, students will work on:

- Building relationships
- Strengthening literacy
- Providing service

- Exploring adventure and fitness opportunities
- Preparing for college or post-secondary careers
- Handling school business

Students are not passengers; in CREW, students are part of a family that will redefine what it means to be a learning community that truly supports and challenges one another at River Bluff High School.

At River Bluff, We Are CREW.

## **FLEXIBLE MODULAR (FLEX MOD) SCHEDULE**

---

River Bluff's Innovative Flexible Modular (FLEX MOD) Schedule was updated in 2021-2022 to consist of a school day with 17 modules (mods). Each day of the week consists of combinations of the classes into 8 paths of instruction to encompass the entire school day.

The schedule consists of a five-day cycle that repeats 36 times. Each course (1 credit) meets 210 minutes a week within one path, distributed into one of two phases (A or B) of instruction, meeting either three days (B Phase) a week or four days (A Phase) a week. The remaining mods of time within a student's schedule that is not scheduled into face-to-face instruction is Independent Learning Time (ILT). C1 and C2 within the middle band of our schedule are where students meet in their grade level CREWs.

### **Why Flex Mod?**

#### **Successful Outcomes for Students (Independent Learning Time - ILT)**

- Trust is built by allowing students to make independent choices about academic work; students become self - directed decision makers
- Spirit of collaboration amongst peers and with teachers
- Access to (multiple) teachers in real-time during the school day
- Ability to complete some work during the time with access to teachers and peers
- Managing non-instructional appointments (counseling, iPad technology) without interrupting class time

#### **Successful Outcomes for Teachers (Independent Learning Time - ILT)**

- Trust is built by scheduling every teacher time to work with course-specific collaborative teams during the school day in schedule mods of collaborative planning
- Spirit of collaboration amongst peers within other departments
- Access to (multiple) students in real-time during the school day
- Managing non-instructional appointments (IEPs and 504s) without interrupting class time

**The 2025-2026 schedule template can be found at the end of this document.**

## Independent Learning Time (ILT)

---

A leading objective in a flexibly scheduled high school is to offer opportunities to students for self-direction. We believe that modular scheduling provides students with the opportunity to learn to make wise decisions about where to spend their unstructured time. The teachers and administrative staff feel most students are mature enough to use unstructured time properly and to accept the responsibilities that accompany this privilege. Independent Learning Time refers to that time when students are not assigned to a classroom and when students themselves will direct the use of their time through selecting one of the options open to them.

### ILT Locations

- Stay in designated areas. (*Designated areas are Collaborative Commons, Learning Commons/Library, Counseling Commons, River Café, Café 320, Gymnasium, and other areas by appointment- art studios, science labs, classrooms, and work out areas*)
- Eating should only take place in River Cafe, Cafe 320, Collaborative Commons, and/or the Courtyard.
- There should not be any gathering of large groups on the academic wings. Academic wings should only be used as the extension of the classroom.

## Structured Learning Time (SLT)

---

SLT is a support structure/place that selected students will report to after evaluating their past and current academic progress, needs, and goals. SLT is placed on a student's schedule after recommendation by administration and/or school counselors. Students will report to SLT to work on their academic needs and receive support. A staff member will help facilitate the learning and serve as a liaison between the student and the student's teachers.

There are different types of SLT for students at River Bluff. Content SLT is for students needing to engage in Credit Recovery and/or Initial Credit courses through our Edmentum platform in Math, English, or Social Studies. ESOL SLT is for English Language Learners to engage in additional support structures. Finally, Restorative SLT is a support structure for students that need additional support in using personal responsibility to manage their time wisely during ILT. When a student shows improvement and maintains a level of expected performance, then their ILT will gradually be added back to their schedule. It is the goal of Restorative SLT, for students to realize they will be held accountable for their education while learning proper academic and behavioral habits.

*All SLT sessions will be part of the student's schedule and not showing up for the sessions will incur the same consequences as not going to any other class. Attendance will be taken for all scheduled SLT sessions and unexcused absences will be sent to the student's administrator for discipline.*

## STUDENT BEHAVIOR STANDARDS

---

The RBHS leadership team and faculty expect the behavior of students at River Bluff High School to reflect the educational goals of the school. No student has the right to interfere with the education of fellow students. It is the responsibility of each student to respect the rights and property of teachers, students, administrators, counselors, and all others who are involved in the educational process. The leadership team and faculty expect all students to adhere to the Habits of Success and norms, as well as school and district policy for student behavior.

Disciplinary consequences are outlined below; however, consequences may be adjusted. A school administrator will look at the circumstances and facts of a discipline situation and assign the consequence he/she deems appropriate.

This includes, but is not limited to, cell phones, smart watches, tablets, and gaming devices. "Personal electronic device accessories" include any wired or wireless accessory or wearable technology that connects to a device and any other accessory commonly used in conjunction with a personal electronic device.

High school students may possess personal electronic devices/accessories as long as the devices remain off and are not visible during the school day. Students are not permitted to access personal electronic devices or personal electronic device accessories during the school day (start of first class through the end of the last class to include the time between classes and during lunch). Personal communication devices are not permitted to be used in locker rooms, restrooms, or other personal spaces at any time.

complying with this policy, he/she will be asked to power off their personal electronic device/accessory and put it away. If a student does not comply with this directive, he/she will be referred to an administrator for failure to obey

Exceptions to this policy are listed in the [Lexington 1 Student Handbook](#)

## District Issued Devices

---

**Lexington County School District One utilizes district-issued student computing devices to support teaching and learning in all schools. Students in Grades 9–12 are issued MacBooks.**

**These devices are essential tools that enable students to engage in digital learning, complete and submit assignments, collaborate with peers and teachers, and access a wide range of educational resources. While device use varies by grade level, all students are expected to follow district guidelines for responsible use and care when using a district-issued device.**

**[The Lexington School District One Student Device Handbook](#) offers important information for students and their families on how to take care of the device, use it responsibly, and understand the rules and expectations that come with having access to this technology. All device use is governed by district policies and procedures, including the district's Acceptable Use Policy and other applicable board policies.**

## ACADEMIC HONOR CODE

---

Lexington County School District One encourages students to maintain high standards of academic integrity and honesty. In an effort to clarify expectations, the following list provides examples of unacceptable acts of cheating:

- Looking at someone else's quiz, test, or exam;
- Revealing items to someone who has not taken a quiz, test, or exam;
- Copying from others on assignments designated as independent work.
- Referring to unauthorized notes and materials during a quiz, test, or exam;
- Positioning your paper or technological device into viewing range of another student during a quiz, test, or exam;
- Using unauthorized technological devices to complete or disseminate answers during quiz, test, or exam. Using technological devices to secure work from another student's project;
- Obtaining an unauthorized copy of a quiz, test, or exam;
- Plagiarizing a paper or using a paper written by another person (citation errors are handled during the writing process by classroom teachers) and plagiarizing work from another student's project; and
- Attempting to take an online assignment or assessment for another student or allowing another person to complete an online assignment or assessment for you.
- The use of artificial intelligence (A.I.) by students to produce work presented as student original thought

Teachers and administrators treat cheating as a serious matter. Teachers will confer with the appropriate administrator to review the evidence of any misconduct.

Parents will be notified and a mandatory conference will be held with the student, parent or guardian, teacher, and administrator. Any behavioral consequence such as in-school suspension (ISS) will be explained at that time.

After the conference is held, the student will be required to complete an appropriate assignment/assessment. This work will be graded in lieu of the original assignment/assessment.

If the student does not complete the assignment/assessment by the due date, a zero will automatically be entered into the grade book. If the offense occurs during a reassessment opportunity, the reassessment score will be dropped, and the original grade will be recorded.

The behavioral infraction of cheating will be documented through a discipline referral and noted in the student's discipline record. Behavioral consequences up to out-of-school suspension (OSS) for incidences of cheating will be administered at the discretion of the school-based administrator.

*1st Offense:* In-School Suspension  
*2nd Offense* Out of School Suspension

## DELIVERIES TO STUDENTS

---

Florist and balloon deliveries **will not** be accepted for students. Food deliveries from parents and restaurants or commercial delivery services (i.e. UberEats, DoorDash, Postmates) **will not** be accepted.

## VALUABLES

---

Overdue fines are 10 cents per day. Damage fees will be charged. Lost books will be charged at the replacement value, with a minimum charge of \$5.

## MEDICATION POLICY

---

1. The Parent/Guardian of the student must request in writing that the student be given medication. Medication Forms can be found on the district website.
  2. All medication should be brought to the school by the parent/guardian, (except for high school students), if a situation arises that the parent cannot bring the medication, the student should bring the medication to the health room first thing in the morning. All medications should be brought in the original container appropriately labeled by the pharmacy and/or health care provider.
  3. Students are only allowed to self carry life saving medications prescribed by a physician with orders and self carry consents in the nurse's office. The school supplies no medication. This includes Tylenol, Motrin, Aspirin, etc. All medications will be stored in a locked cabinet in the health room. A medication form signed by a parent is required for the nurse to administer any over the counter medication they provide. A physician must sign the medication form for any prescription medications to be dispensed. The prescription bottle and physician order must match. No more than a 1 month supply of control medication will be stored in the health room.
- See District Drug Policy for consequences.

## ATTENDANCE

---

South Carolina law mandates that children 5 years old to 17 years old must attend school. The school year consists of 180 school days.

The district considers students present only when they are actually at school, on homebound instruction, or present at an activity authorized by the school such as field studies, athletic contests, music festivals, student conventions and similar activities.

### Absences and Excuses

---

If absent, a student must present a written excuse signed by a parent, guardian, physician or other appropriate person within **three** days after returning to school. The excuse must include the date the excuse is written, date(s) of student's absence, reason for student's absence, telephone number where the parent/guardian may be reached and the required signature. **Fraudulent excuses (those that have been tampered and/or forged) will count as unlawful absences and the student will be assigned an out of school suspension up to 3 days.**

Parent/Legal guardian excuses (Parent Notes) for absences may be accepted for students to make up missed assignments; however, to assure course credit for students who have accumulated more than the allowable absences specified for the course duration, a doctor's excuse will be required for all absences beyond the allowable absences. The principal will require a student who has accumulated more than 5 absences in a semester course or 10 absences in a yearlong course to provide a doctor's excuse for all further absences in order to receive course credit. Principals have the authority to review absences in excess of five days in a semester course and to use their own discretion for follow up.

Students in grades 9-12 are allowed the following number of absences before losing course credit:

- 90-day classes            5 lawful/unlawful absences
- 180-day classes        10 lawful/unlawful absences

### Excused Absences

---

These absences do not count against the days students are allowed to miss by state law:

- All students whose attendance in school endangers their health or the health of others, as determined by a physician or school nurse.
- Students classified as Juniors and Seniors receive two college visits during the year. A letter from a college/university representative on official college/university letterhead must be submitted to the Attendance Office within three days of the absence.
- Students who are chronically ill. A doctor's statement explaining that the student does not need to see a doctor every time the illness occurs must be turned into the attendance office. Once the statement is on file with the school, the parent/guardian can inform the doctor of the occurrence of the illness and the doctor can fax the Attendance Office the excuse or the original may be picked up from the doctor and given to the Attendance Office when the student returns to school. Schools do not accept faxes from parents.

- Students who must keep medical or dental appointments. The student must see the doctor for the absence to be excused, except in cases where the student has been determined to be chronically ill as explained above.
- Students who have an immediate family member who is seriously ill. A parent note showing that the family member is seriously ill must be turned into the attendance office.
- Students attending a funeral of an immediate family member. A parent note must be turned into the attendance office.
- Students participating in a recognized religious holiday of their faith.
- Students who have prior permission to participate in school-sponsored or school-approved activities.
- Students who have unusual or mitigating circumstances as determined by the school principal.

### Lawful Absences

---

The following absences count against the days students are allowed to miss by state law but allow students to make up missed assignments:

- A written note from a parent/guardian.
- Illness of the student to the degree that his/her attendance in school would endanger his/her health or the health of others as documented in writing by parent/legal guardian within three school days after the student has returned to school; provided the number of classes or days missed does not exceed the allowable absences specified for the course duration.

### Unlawful Absences

---

The following absences count against the days students are allowed to miss by state law and the district gives unexcused absences for:

- Students willfully absent from school/truant.
- Students absent without the knowledge of their parents/guardians/cutting school.
- Students suspended from school.

After three consecutive unexcused absences or after a total of five unexcused absences, the principal or designee will identify the reason(s) for the student's continued absence and will, with the student and parent/guardian, develop a Truancy Intervention Plan to improve that student's attendance.

If a student accumulates more than five unexcused absences in one semester, the student may be referred to a truancy prevention program or to court. Before a principal takes legal enforcement action, the principal will notify the parent/guardian and allow that parent/guardian to present information for appeal.

### Truancy

---

In accordance with state law, all children between the ages of 5 and 17 are required to attend public or private school. Parents or guardians who do not wish to enroll their five-year-old child in kindergarten can sign a waiver. A child 5 to 17 years meets the definition of a truant when the child has three consecutive unlawful absences or a total of five unlawful absences.

## SEARS (School Extension for At-Risk Students) Program

---

River Bluff provides attendance intervention through the SEARS program. Students who receive a final grade of "FA" due only to unexcused absences beyond the limit allowed for the course will be allowed to participate. Students are only allowed to recover up to 3 absences in a semester course and 6 absences in a yearlong course. Students with excessive absences in the first semester must attend SEARS at the end of the first semester. Students with excessive absences second semester must attend SEARS at the end of the second semester. The cost of the program is \$25 per session.

## Procedure for Turning In Excuses for Absences

---

Excuses will be accepted in the Attendance Office before school, during ILT, or after school. Students will not be allowed to miss instruction to turn in excuses.

## Procedures for Signing Students In and Out of School

---

No student will be permitted to leave school during the school day unless a parent/guardian or other approved person on the student's emergency contact list comes to the school for the student or unless prior arrangements have been made. Parents/guardians must identify, in writing on the School Health Form distributed at registration, the individuals who have permission to sign their child out of school. The parent/guardian or other approved person must come to the office and sign the student out during school hours (the school is open at 7:30 AM). Picture identification is required. Schools do not accept incoming telephone calls, written notes, or faxes for the purpose of dismissing a pupil from school early. Anyone not on the student's approved sign out list will not be allowed to sign any student out of school. Students who leave school without being properly signed out will be treated as cutting class. Students are not allowed to be signed out of school between 3:00 PM and 3:50 PM. **Students must sign back in upon their return to campus during the regular school day.**

Students must attend 50% of the class to be counted present.

Ill or injured students must be signed out by an adult (parent/guardian or adult listed as emergency contact) in order to leave campus. Parent/guardian will sign the student out through the nurse's office. In case of an emergency or extenuating circumstances, the principal will use his or her judgment in excusing a student.

## Doctor/Dentist Appointment

---

The parent/guardian must sign students out. Students will not be allowed to sign themselves out of school, regardless of age or grade, to go to appointments. Parents may sign out students in the main office up to one week in advance of the appointment.

## Tardies

---

The office assigns a tardy if the student is late to school or any class; tardy students report to the Attendance Office located on Main Street to receive a Gator Pass.

Note: Being tardy to school with a parent note will count towards a detention if the student has exceeded their allotted amount of excuses. A tardy note serves only to notify the school that the parent is aware of the tardy, but it does not excuse the student from detention.

Schools will continue to accept parent notes and excuses to document absence reasons. Schools can accept these excuses electronically (i.e. ParentSquare or email). **Parent notes do not count towards truancy.**

All respiratory illnesses (including, but not limited to: COVID-19, Influenza, RSV) require a student to be excluded from school and school activities until they have been fever-free for 24 hours without the use of fever-reducing medications. These absences are considered excused only if a medical note is provided.

**Truancy regulations remain in effect. Please refer to the SC Department of Education [truancy pamphlet](#) for more information.**

## MAKEUP WORK

---

In cases of excused absences, makeup work must be completed during the first five (5) school days after the student returns to school. The student must make arrangements for makeup work.

Teachers will assist students with makeup work as needed, either before school, during independent learning time or after school.

Students that are absent may refer to their teacher's Schoology page for their assignments or request their assignments.

## FINAL EXAM SCHEDULE

---

Final exams may not be given in advance of the final exam date and time unless the early exam is a part of the approved curriculum and is communicated in advance to the students and parents. The date and time of the Final Exam will be posted on Schoology near the end of the course.

A student may make up a Final Exam under the following circumstances:

- The absence is excused (illness with a doctor's note, death in the family, extenuating circumstances submitted in writing to and approved by the Principal or his designee).
- The make-up exam is taken on the make-up exam date or a later date as agreed upon by the administration, teacher and student.

Examples of absences that will not be considered excused include a conflict with a student's work schedule, vacation, and college visits.
