

Outlook Fixer

Privacy Policy for Outlook Fixer

Last updated: August 2026

****Outlook Fixer**** is built with user privacy as a core priority.

Data Collection & Usage

- ****No Personal Data Collection:**** Outlook Fixer does NOT collect, store, transmit, or process any personal user data, login credentials, cookies, or email content.
- ****Local Execution Only:**** All scripts and fixes run 100% locally within your browser context.
- ****No Third-Party Analytics:**** This extension contains no tracking scripts, analytics, or third-party network requests.

Permissions

- ****Host Permissions:**** The extension requests permission to run on `webmail.\*` subdomains solely to inject interface fixes (image rendering buttons and session clearance) into the local DOM of Outlook Web App.

Contact

If you have any questions regarding this Privacy Policy, you may contact the developer directly via the Chrome Web Store extension page.
