Sponsoring Department

Reusable Office Supply Exchange branch of the Waste Reduction and Resource Awareness Program, the Art Department, the Humboldt Advisory Committee on Sustainability, and the Campus Center for Appropriate Technology.

Brief Summary

This idea developed from a series of meetings from within the Art Department followed by a meeting with the Humboldt Advisory Committee on Sustainability. The goal of this project is to improve the distribution of used art supplies on campus by maintaining the art supply area within ROSE, operating a ROSE pop-up within the Art Department, communicating with the Facility of the Art Department, communicating with the Student Access Art Gallery, ect. We are requesting a not to exceed amount of \$17,000 to be used on wages for the creation of this new position. This amount was derived from the "Enhancement to Donation Dash" idea paper by Dev Fields adjusted for inflation.

Proposed Budget: **\$17,000**

Good morning Ethan, Juliana, and Daniel,

I hope you've had a great summer break thus far. I am emailing regarding your submissions; ROSE E-Workshop Student Technician, and ROSE Artist Laureate Position.

Unfortunately, the committee voted not to fund your proposals for these reasons:

- regarding the E-Technician position, Morgan King indicated that there are already for-credit interns working as technicians for this position.
- regarding both proposals, the submission was not specific enough for the committee to understand the scope of work requested and the justification for the budget.

The committee sincerely thanks you for your proposal, and we appreciate the time you took to submit it. If you have any future ideas, keep in mind that we accept proposals every year in the spring, and that we look forward to seeing what you have in mind for our university next year.

All the best,

Rhiannon Red Bird (She/Her/Hers)
