Subject: Request to Expense Operations Nation Membership

Hi [Manager's Name],

I'd love to expense a [membership to Operations Nation](#) - a community specifically created for operations leaders.

It's just £190/year (or £19/month) - incredible value for the ongoing professional development and strategic insights it provides.

I believe that my membership **will benefit our team by** **[PICK TOP 3]:**

- Equipping me with ready-to-use tools and frameworks to **improve our day-to-day processes**
- Connecting me with a peer community to benchmark challenges and **learn how others are solving similar problems**
- Offering expert-led content on topics like **org design, scaling processes, and operations strategy**
- Supporting my development as an operations leader through continuous learning and **exposure to best practices**
- Helping us stay ahead of **industry trends and tools** being adopted by other fast-growing companies
- Providing **access to hundreds of £££ in exclusive discounts** on operations-related events, products, and services, helping us stretch our L&D budget further

Would you be happy to approve this as a professional development expense?

Thanks so much,
[Your Name]
