

BVSD 1:Web Program Annual Fee FAQ

What is the 1:Web BVSD Program?

The 1:Web program provides each participating student in grades 5-12 with a Chromebook to support learning through access to digital content and web-based tools.

Who can participate in the 1:Web program?

All students in grades 5–12 who attend a *participating* 1:Web school are eligible. Students receive a new Chromebook in 5th and 9th grade, as well as when they newly enroll in BVSD. **Participation is strongly encouraged**, as the district no longer maintains a surplus of loaner devices for daily use.

Why a 1:Web Program fee?

As educational resources and learning opportunities continue to evolve into dynamic digital formats, access to web-connected devices is essential for student learning. The 1:Web fee supports access to a personal Chromebook and helps fund device management.

How does the 1:Web fee work?

Students participating in the 1:Web program are charged an annual fee over four years—each year covering one-quarter of the Chromebook’s total cost. This fee is billed through Infinite Campus and can be paid at any time during the fall semester. After four years of payments, the Chromebook becomes the property of the student and their family.

What fees apply to newly enrolled students?

Newly enrolled students in grades 6–7 and 10–11 will join the 1:Web program with a new Chromebook. **Retroactive fees will be applied** to align with their class’s four-year payment schedule. *Students in 8th and 12th grade receive a refurbished Chromebook, as it is their final year in the program.

What about students who are in the Free and Reduced Lunch program?

Students who qualify for the district’s Free and Reduced Lunch program will automatically have their annual 1:Web fee waived. This applies to families who have **completed** the

necessary waiver process and are **approved** for the [Free/Reduced Meal Program](#). (Note: families may apply anytime throughout the school year.)

What happens if my child transfers to another school?

Students who transfer to another 1:Web school within BVSD will take their 1:Web Chromebook with them. Any students who transfer out of the district and wish to keep their device will be required to pay the remaining balance. If students do not wish to purchase their Chromebook, it must be returned to the school office during the checkout process.
