Back on the spaceship, Luke was doing his training exercises. Suddenly, Obi-Wan Kenobi felt faint, and sat down. "Are you all right?" Luke asked "What's wrong?"

" I felt a great disturbance in the Force," Obi-Wan answered. "As if millions of voices suddenly cried out in terror and were suddenly silenced. I fear something _____ has happened." He looked back at Luke. "You'd better get back on with your exercises."

Han Solo came into the room. "Well, you can forget about your trouble with those spaceships," he said. "I _____ you I'd outrun them."

Obi-Wan continued to teach Luke about the Force, but Han only laughed. "Stupid religions and ancient weapons are no match for a good laser gun at your side, kid," Han said.

"You don't believe in the Force, do you?" asked Luke.

"Kid, I've flown from one side of this galaxy to the other. I've _____ a lot of strange stuff, but I've never seen anything to make me believe there's one all-powerful force controlling everything," Han answered.

Meanwhile, back on the Death Star, the Imperial officers reported that there was no rebel base on Dantooine. Princess Leia had lied.

"She lied," Grand Moff Tarkin exclaimed. "She lied _____ us!"

"I told you she would never consciously betray the rebellion," Darth Vader said.

"Kill her. Immediately," said Tarkin.

Meanwhile Han's ship arrived at the planet Alderaan, only to find that there was no planet Alderaan.

"What's going on?" Luke asked.

"Our position is correct, except, no Alderaan!" answered Han.

"What do you mean?" asked Luke. "Where is it?"

"That's what I'm trying to _____ you, kid. It ain't there. It's been totally blown away," Han answered.

Luke couldn't believe this. "What? How?"

Suddenly, they were attacked by another ship. "Where _____ it come from?" asked Han.

They went after the ship. "Look at him. He's headed for that moon," said Luke.

"That's no moon," said Obi-Wan. "It's a space station."

"It's _____ big to be a space station," said Han.

"I have a very bad _____ about this," said Luke.

"Turn the ship around," Obi-Wan said.

"Yeah, I think you're right," said Han. But he couldn't turn the ship around. The battle station was pulling them in.

"Why are we still moving towards it?" Luke yelled.

"We're caught in a tractor beam! It's pulling us in!" said Han (A "tractor beam" is a kind of beam that can catch and pull in another ship.)

"But there's got to be something you can do!" Luke said.

"There's _____ I can do about it, kid. I'm in full power. I'm going to have to shut down. But they're not going to get me without a fight!"

Obi-Wan put his hand on Han's shoulder. "You can't _____. But there are alternatives to fighting."

The ship was pulled into the Death Star. The stormtroopers searched the ship, but they didn't find anyone. "There's no _____ here," the soldier reported.

Han, Luke, Obi-Wan, Chewbacca, C3P0, and R2D2 were all hiding under the floor.

"This is ridiculous. Even if I could take off, I'd never get past the tractor beam," said Han.

"Leave that to me!" Obi-Wan answered.

"Damn fool. I knew that you were going to say that!" Han exclaimed.

"Who's the more foolish: the fool or the fool who follows him?" Obi-Wan answered.

The stormtroopers went in to check the ship again. Han and Luke were able to trick them, and take two stormtrooper uniforms. They went into a control center.

R2D2 accessed the Death Star's computers, and found out where the main power for the tractor beam was located. Obi-Wan went to shut the tractor beam off. "I don't think you boys can help. I must go alone," he said.

"I want _____ go with you," Luke said.

"Be patient, Luke," Obi-Wan answered. "Stay and watch over the robots."

After Obi-Wan left, R2D2 began to beep excitedly.

"What is it?" asked Luke.

"I'm afraid I'm not quite sure, sir," C3P0 answered. "He says 'I found her', and keeps repeating, 'She's here'."

"Well, who? Who has he found?" Luke asked.

Artoo whistled a frantic reply.

"Princess Leia," said C3P0.

"The princess? She's here?" asked Luke.

"Princess? What's going on?" asked Han.

"I'm afraid she's scheduled to be killed," C3P0 said.

"Oh, no!" said Luke. "We've got to _____ something."

"What are you talking about?" Han asked.

"The robots belongs to her. She's the one in the message," Luke said. "We've got to help her."

Hans said, "Now, look, don't get any funny ideas. The old man wants us to wait right here."

"But he didn't know she was here," Luke replied.

Han was firm. "I'm not going _____."

"But they're going to kill her!" Luke pleaded.

"Better her than _____!" Han said.

Luke thought for a moment, and then said to Han, "She's rich."

"Rich?" asked Han.

"Yes," continued Luke. "Rich, powerful! Listen, if you were to rescue her, the reward would be..."

"What?" asked Han.

"Well more wealth than you can imagine," Luke answered.

"I don't know," said Han. "I _____ imagine quite a lot."

"You'll get it!" Luke said.

"I'd better!" Han replied.

"You will," Luke promised.

Han was convinced. "All right, kid. But you'd better be right about this. What's your plan?"

Luke looked around him. "C3P0, hand me those binders there will you?" Luke said. Luke moved towards Chewbacca with the binders. Chewbacca let out a terrifying growl. Luke stopped. "Okay. Han, you put these on."

"Don't worry, Chewie. I think I know _____ he has in mind."
