About Crestwood Heights Academy

Crestwood Heights Academy is a Christ-centered, Charlotte Mason–inspired school committed to cultivating wisdom, virtue, and a love of learning. We believe education is a life, not merely a transfer of information, and we seek teachers who view students as whole persons; mind, body, and character.

Position Overview

We are seeking a Math Teacher who delights in teaching students to think critically and approach mathematics with confidence and curiosity.

We are open to a Full Time or Part Time candidate. Full Time candidates may need to cover an additional subject area or school responsibility, with the best fit for this subject material or responsibility to be determined after discussion with the candidate.

Key Responsibilities

- Teach math courses for grades 7–11
- Present mathematical concepts clearly and logically, emphasizing understanding over rote memorization
- Encourage careful work, mental discipline, and problem-solving skills
- Maintain a structured, respectful classroom environment
- Assess student progress through meaningful assignments, quizzes, and exams
- Communicate student progress with administration as needed
- Collaborate with faculty to support the mission and culture of the school

Qualifications

- Bachelor's degree in Mathematics or an education related field (required)
- Teaching experience at the middle or high school level (preferred)
- Openness to Charlotte Mason educational principles
- Strong classroom management and communication skills
- Ability to teach multiple levels of math with clarity and confidence
