

## **Open Letter to State DFL Leadership in Response to Transphobic Behavior by Leadership of the Feminist Caucus**

We, the undersigned DFL leaders, volunteers, and voters who identify as intersectional feminists are writing to request acknowledgement and accountability for several violations of the DFL Party's Non-discrimination, Affirmative Action, and Outreach and Inclusion policies that were perpetrated by Feminist Caucus members and leaders at the annual meeting of the DFL Feminist Caucus on September 9th, 2025. Relevant excerpts of the violated policies are included at the end of this letter for reference. Audio, video, and/or transcript evidence of the below behaviors by the named individuals will be provided to DFL Party leadership.

The behaviors at issue on September 9th included:

- Repeated misgendering of a nonbinary member who uses they/them pronouns running for a leadership position despite their pronouns being sent via email along with their candidate statement and stated verbally each time they spoke.
- Misgendering of a trans woman member running for a leadership position in which they/them pronouns were used instead of the she/her pronouns she stated each time she spoke.
- Eyerolls and other visible or audible signs of disapproval or annoyance when members were reminded to use someone's correct pronouns.
- The newly elected Outreach and Inclusion Director appending "Black" to her Zoom name. When asked to clarify whether this was intended to mock the practice of sharing pronouns, she stated, "anytime anyone has ever asked my pronouns for years, I say Black, and I have the right to do that," despite publicly using she/her pronouns to refer to herself on other platforms. Several other members and leaders of the caucus nodded or clapped their hands while she gave this explanation.
- Suggestions by current and past leadership that newer or younger members in the meeting do not have a feminist agenda or do not understand the feminist movement seemingly based only on their newness to the caucus, age, gender, or pronouns.

On September 10th, after observing some meeting attendees and their allies speak about their experiences on social media, the Feminist Caucus leadership sent an email to the caucus in an attempt to preempt this criticism and paint those who were harmed as the perpetrators. The email claims, "those now saying they were called by incorrect pronouns chose not to" display their pronouns on Zoom when asked to do so. As the instruction to add pronouns to Zoom names was given more than 2 hours into the meeting after several of the behaviors noted above had already happened, this is a disingenuous accusation and, regardless, does not excuse the repeated nature of the behaviors noted above.

It's important to note that, while the Affirmative Action statement was read before votes were conducted, and at least 3 openly trans or nonbinary individuals ran for various leadership positions, none were elected to any position. There was also a motion entertained and seconded at the beginning of the meeting to elect a slate of candidates rather than voting on

individual positions despite at least one of the nonbinary members emailing the caucus ahead of the meeting with their intent to run as a challenger to one of these positions.

There have also been incidents that suggest a pattern of transphobic behavior within the DFL at large, outside of this caucus. While not the focus of this letter, multiple attendees at the 2024 Progressive Caucus Annual Meeting reported similar incidents of repeated misgendering by other attendees. Earlier this year at the Minneapolis DFL Convention, there were reports of multiple trans attendees being directed towards the incorrect bathroom by other attendees or being asked to leave the women's bathroom.

As a trans sanctuary state, Minnesota is known nationally as one of the best places for trans people to live. As reported by [MPR News](#), a recent report showed that Minnesota has the highest percentage of trans adults of any U.S. state. This refuge status is particularly important to maintain in the current political climate of major national and international public figures espousing transphobic, and specifically trans-misogynist, views that have led to violence toward and harassment of trans and cis women alike.

We, the undersigned, believe that trans-exclusionary feminism is not feminism. We insist that the DFL party adhere to the principles of [intersectional feminism](#), which holds that the struggle for justice of all marginalized people, including cis women, trans women, nonbinary people, and other LGBTQIA2S+ individuals, are inherently intertwined. This definition of feminism reaffirms the DFL principle that Paul Wellstone succinctly summarized as, "We all do better when we all do better."

In response to the above noted patterns of behavior, we are requesting the following actions from DFL Party leadership:

- A public statement from Party leadership plainly stating that the above-mentioned behaviors will not be tolerated in any official DFL meeting or space and affirming the importance of trans, nonbinary, and other LGBTQIA2S+ members' full participation in the DFL at a time when they are under attack by our federal government
- Decertification of the Feminist Caucus until such a time as the leadership has shown that they can uphold DFL values with regard to trans and nonbinary members of the party
- Either suspension or removal of Alicia Gibson, Cyndy Martin, Cheryl Poling, and Latonya Reeves from any held DFL leadership roles due to the abovementioned violations of the DFL Code of Conduct
- Trainings, provided by paid, professional trainers, on the concept of intersectional feminism, the history of trans and nonbinary people in the feminist movement, the appropriate use of gender pronouns, and how to appropriately respond when someone notifies you that you have used incorrect pronouns, for all members of elected Feminist Caucus leadership

We also call on all elected officials and candidates who will be seeking the DFL endorsement in the 2026 elections to boycott the Feminist Caucus by refusing to seek or accept their

endorsement unless and until Caucus leadership has demonstrated that they can uphold DFL values with regard to trans and nonbinary members of the party.

Respectfully Signed,

## **Appendix. Relevant DFL Rules and Bylaws**

### **NON-DISCRIMINATION**

Discrimination on the basis of any of these categories is prohibited in the conduct of DFL affairs: sex; gender identity and expression; age; religion; economic and employment status; racial, cultural, or ethnic identity; national origin; color; sexual and affectional orientation; family status; disability; or veteran status.

### **AFFIRMATIVE ACTION**

Affirmative Action is defined for the purposes of the DFL Party as the aggressive recruitment, selection, placement, and retention of members from historically-underrepresented and excluded groups in all party affairs. This includes all party units, officers, caucuses, committees, conventions, convocations, and staff members at every level in the party.

### **OUTREACH AND INCLUSION**

Outreach and Inclusion activities are wide-ranging, intentional, results-oriented, everyday DFL Party efforts to engage and retain participation from historically-underrepresented and excluded groups. All party units, officers, caucuses, communities, conventions, convocations, and staff members at every level in the party shall engage consistently in outreach and inclusion. By engaging underrepresented groups through collaboration, flexibility, and fairness, the DFL Party shall enable current and potential members to contribute to their fullest in all party activities. Accordingly, for the scheduling of DFL Party activities, including conventions, at any level, a unit shall thoughtfully consider the presence of groups whose level of participation would be affected.

### **AFFIRMATIVE ACTION, OUTREACH, AND INCLUSION STATEMENT**

The DFL seeks to end discrimination and bigotry in all its forms and to inspire broad participation in our party. As part of our commitment to outreach and inclusion, we will take affirmative steps to increase the participation of members of all underrepresented communities. When you vote today, remember this commitment includes electing members of underrepresented communities both to positions within the DFL party and to public office.

### **Disciplinary Action**

Disciplinary actions may include, but are not limited to, the following remedies:

- Warning. Issuing a written warning.
- Remedial Training. Mandating internal or external training or workshops.
- Censure. A censure is an official statement reprimanding an individual for the breach of the Code of Conduct.
- Suspension. A suspension is any period of time whereby an individual is barred from participating in some or all party activities or from serving in their elected or appointed capacity with the party for a designated amount of time not to exceed 180 days. Any suspension may include probationary components wherein the offending individual may be immediately removed should they violate the terms of their suspension.

- Removal. A removal is the permanent dismissal of an individual from position(s) within the party. Any appointed or elected DFL party official may be removed by the State Executive Committee if found in violation of this policy. Any individual removed from party office will be prevented from holding party office for a period of not less than three (3) years.
- Ban. A temporary or permanent ban from holding elected or appointed office with the DFL or attending DFL activities.
