

SPONSORSHIPS:

The NAWIC Chapter was established back in 1964 by Dorothy Combs, who had learned of the National Association of Women In Construction through the 1963 edition of the "Engineering News Record". She resonated with the association's mission to provide & be provided with professional development resources, education, networking opportunities, leadership training and so much more.

We take part in the numerous functions held on the national, regional and local levels as well as sponsor various industry seminars, workshops and that help fellow women in the construction industry throughout Columbus Ohio. As a chapter of a major non-profit organization, we strive to empower women by providing learning opportunities and tools that they can use to further succeed in progressing their careers and skills in their trades.

Monetary donations have allowed our chapter to keep all of our events/learning opportunities free and open to all who wish to attend. We hope to gain your support in growing our chapter and help us provide more opportunities needed to further women's professional development and knowledge in such an important and growing field. Below are our sponsorship levels. For the corporate levels Platinum, Gold, Silver & Bronze, your funds will be utilized for general expenses related to expenses for running the chapter, bringing in speakers for education, scholarships, general meetings, etc.
