Privacy Policy for Manira Social Media Management
Effective Date: November 1, 2026
Developer: Manira Tech (info@maniratech.in)

1. Overview
Manira Social Media Management by Manira Tech respects your privacy. This policy describes how our Chrome Extension handles user data.

2. Data Collection and Usage
• User Content (Videos & Topics): The videos and topics you input are processed locally in your browser. Video files are directly streamed to destination platforms you select (YouTube, Meta/Instagram, TikTok, LinkedIn) and are never stored on any intermediary servers.
• API Keys & Tokens: Any API keys and social media tokens you enter are stored strictly in your browser's secure chrome.storage.local. We never transmit or collect your credentials.
• AI Caption Processing: The topics and text prompts you submit to generate captions are transmitted directly to Gemini AI according to Google's Privacy Policy.
• Payments: Payment processing and subscription management are handled securely by ExtensionPay and Stripe. We do not process or store credit card details.
