Greetings Parents & Guardians:

I hope this message finds you and your family in good health and high spirits. I am excited to introduce a mentoring program designed specifically for young male students (*e.g., elementary, middle and high school students*) who attend qualifying schools in Jefferson County Public Schools.

Navigating through life can be a beautiful journey full of joy and fulfillment, but it can also be challenging and overwhelming at times. I understand daily struggles and believe that with the right guidance and support, we can cultivate a thriving and harmonious environment geared for success.

My mentoring program aims to provide students with valuable tools, resources, and guidance from an experienced mentor, and counselor, who has walked the path of mentorship and successfully navigated its complexities. My expertise is based in various areas such as child development, cognitive-behavioral therapy, effective communication, and positive daily discipline.

Through this program, your student(s) will have the opportunity to connect with a mentor who will offer a listening ear, share insights, and help them address any concerns or questions about living a more rational and productive life. I plan to serve as a source of support, provide guidance and strategies to enhance life skills, relationship building, and help create a nurturing environment for scholastic success.

I truly believe that with the right support and guidance, every young person in the program can overcome challenges and help create a nurturing environment for themselves. I invite you to take advantage of this mentoring program and join with an experienced mentor and counselor, and create stronger connections within our community.

I look forward to embarking on this journey with you as we empower one another to become the best community we can be.

If anyone is interested, and your student(s) attends a qualifying school in Jefferson County Public Schools, please feel free to contact your school's guidance counselor, school's administration, or VanHoose Education Center.

And as always, I hope this message reaches you well and helps you along the way – be encouraged and make this day a great day!

Best regards,

C.J. Ward, The Ward & Wellness Services LLC
