Abstract (Font Book Antiqua Size 11)

The abstract consists of a summary of the research flow starting from the background, objectives, methods, research results and research conclusions, which are written concisely and clearly. the length of the abstract does not exceed 250 words . The abstract is written using the ***Font Book Antiqua size 11 spasi 1 (italic)****. The keywords are the main words in the research discussion and can make it easier for interested parties.*

Keywords: *Maximum 5 most important words in research* ***(italic)***

Pendahuluan (Font Book Antiqua Size 11 spasi 1)

The introduction explains the background, purpose of the research, shows the related research (*over view*) then explains the differences with previous research (*novelty*) and proposed methods or methods used to solve previous problems (*state of the art*). This introduction is written briefly and clearly. So that readers can understand the flow of their research. All chapter titles are written in bold letters and font size 11, while the sub-chapters use letter numbering such as A. the first sub-chapter, B. the second sub-chapter, and so on. Contents of the introduction using **(Font Book Antiqua size 11 spasi 1)**

Metode (Font Book Antiqua Size Size 11)

The method explains the stages or procedures of research and the algorithms used in the research. In the method chapter, a theoretical explanation of the proposed method is also needed. The research method was written using **an Antiqua Font Book size 11 space 1**, the caption of Images and Tables was given numbers 1,2,3 and so on. The table is created as in the example below and the description of the Table is written at the top and the description of the Figure is below, the example can be seen in Table 1 and Figure 1. Each Figure and Table should be referenced in the body of the manuscript, e.g. ..... seen in Figure 1, or ..... can be seen in Table 1 onwards.

Results and Discussion (Font Book Antiqua Size 11)

The results show that the final results of the research can be in the form of prototypes, analysis, comparisons or others. Meanwhile, the discussion explained the results that had been obtained. The results and discussion are in one separate chapter. Font types use **Font Book Antiqua size 11 spaces 1**. Writing formulas / formulas / equations using number markers (1) (2) (etc...) such as examples of equations (1) and formulas (2). Each equation should be called in the body of the manuscript for example ..... This method uses the equation 1..... and so on.

$$(x + a)^n = \sum_{k=0}^{n} \left(\frac{n}{k}\right) x^k a^{n-k} \quad (1)$$

$$f(x) = a_0 + \sum_{n=1}^{\infty} \left(a_n \cos cos \frac{n\pi x}{L} + b_n \sin sin \frac{n\pi x}{L} \right) \quad (2)$$

Conclusion (Font Book Antiqua Size 11)

The conclusion explains the summary of the research results which explains the achievements obtained in the results using the proposed method. The suggestions explain the proposals for further research to further improve the research results that have been obtained. The font type uses **the Font Book Antiqua size 11 space 1 is** the same as in the previous chapters.
