

**Examples of Co-Branding
for The Baltimore Convention Center**

1. Co-branded coffee bags and pour over pop up at 'BCAN' (Baltimore Creative Acceleration Network). We completed their 5 month 2019/2020 small business accelerator program.

2. Visit Baltimore showcase event at The Sagamore Pendry. We created a rye-based coffee cocktail, similar to a boulevardier, for their event, along with hot coffee for event participants from around the country.

3. Create Mornings Baltimore

Vent Coffee Roasters

itsdrewsif Thank you [@ventcoffeeroasters](#) for saving me from being coffee-less in these trying times, and for being extremely conscious of the requirements for social distancing. Their Night Market blend is fantastic. Can't wait to try the rest!
This is NOT a sponsored post... but I'm down to do some if you're interested 🤔

Coffee Beer by Black Flag Brewing Co. (Columbia, MD)

caskproof • Follow
Museum District, Richmond, Virginia

caskproof Next in line. This came with our produce order last week. Just now opening it and let me tell you that WOW. It smells so nice. Fruity, nice caramel notes, and almost a confection to it but without it being overpowering or sweet. Think along the lines of a European pastry at breakfast. Looking forward to both hot cups and cold brew with this one.
