

Paper Bag Manufacturer

A **paper bag manufacturer** produces paper bags for businesses that need packaging for retail products, merchandise, gifts, promotional activities, and other commercial applications. Businesses can work directly with a manufacturer to develop paper bags according to their required dimensions, artwork, material, and finishing.

Paperbag Indonesia is a paper bag manufacturer based in Surabaya, Indonesia, serving businesses and brands in the United States and other international markets.

What Is a Paper Bag Manufacturer?

A paper bag manufacturer produces paper bags according to the requirements of business customers. Instead of relying only on standard ready-made packaging, businesses can discuss specifications for bags intended for their particular products and applications.

Depending on the project, specifications can include:

- Bag dimensions
- Paper material
- Logo and branding
- Custom artwork
- Brand colors
- Lamination
- Packaging requirements

This allows businesses to develop paper bags that are aligned with their products and brand presentation.

Why Work Directly with a Paper Bag Manufacturer?

Businesses may choose to work directly with a manufacturer when they need customized packaging or consistent production specifications.

Working with a paper bag manufacturer can help businesses:

- Develop custom bag dimensions.
- Submit their own artwork.
- Select available paper materials.
- Choose finishing options.
- Create consistent packaging specifications.
- Discuss production requirements directly.

For businesses with recurring packaging needs, having a direct manufacturing partner can also make it easier to maintain consistent specifications across future orders.

Custom Paper Bags from a Manufacturer

Paperbag Indonesia manufactures custom paper bags according to approved customer specifications.

Customization can include:

- Company or brand logo
- Brand name
- Brand colors
- Custom graphics
- Promotional messaging
- Custom dimensions

Businesses can provide their artwork and packaging requirements for review before production.

Art Paper Options

Paperbag Indonesia manufactures paper bags using **Art Paper** in two available material options.

210 gsm Art Paper

210 gsm Art Paper is suitable for many everyday retail and business packaging applications. It can be used for shopping bags, clothing, accessories, merchandise, promotional materials, and other retail products.

260 gsm Art Paper

260 gsm Art Paper provides a more substantial option for businesses looking for a sturdier and more premium-feeling paper bag. It can be suitable for premium retail packaging, gift sets, merchandise, corporate gifts, and other applications where a more substantial presentation is preferred.

The appropriate material can be selected according to the product, intended use, and desired packaging presentation.

Matte or Glossy Lamination

Paper bags manufactured by Paperbag Indonesia can be finished with either **matte lamination** or **glossy lamination**.

Matte lamination provides a smooth and understated appearance that can complement clean and refined packaging designs.

Glossy lamination provides a brighter and more reflective appearance and can complement colorful or visually prominent artwork.

Custom Paper Bag Sizes

Different products require different packaging dimensions. A paper bag manufacturer can produce bags according to the required size rather than limiting businesses to standard dimensions.

Custom sizes can be useful for:

- Clothing
- Accessories
- Beauty products
- Gifts
- Merchandise
- Retail products
- Promotional items
- Corporate gifts

Choosing an appropriate size helps ensure that the paper bag is suitable for its intended product.

Paper Bag Manufacturing for Different Businesses

Custom paper bags can support packaging requirements for many types of businesses, including:

- Retail stores
- Fashion brands
- Clothing businesses
- Jewelry stores
- Beauty retailers
- Gift shops
- Home decor businesses
- Lifestyle brands
- Specialty retailers
- Corporate businesses

Each business can select paper bag specifications according to its products, branding, and packaging requirements.

Paper Bag Manufacturer for Retail Packaging

Retail businesses can work with a paper bag manufacturer to develop packaging for everyday customer purchases.

Common applications include:

- Clothing purchases
- Accessories
- Beauty products
- Gifts
- Merchandise
- Retail products

Custom branding can help retailers maintain a consistent packaging experience across customer transactions.

Paper Bag Manufacturer for Branded Packaging

Paper bags can also form part of a company's broader brand identity.

Businesses can incorporate:

- Company logo
- Brand name
- Brand colors
- Custom graphics
- Promotional messaging

Consistent branding can help connect paper bags with other customer touchpoints such as product packaging, store signage, websites, social media, and marketing materials.

Paper Bag Manufacturer for Promotional and Corporate Needs

Custom paper bags can also support special business activities.

Potential applications include:

- Product launches
- Trade shows
- Corporate events
- Promotional campaigns
- Brand activation events
- Corporate gifting
- Merchandise distribution
- Customer appreciation programs

Businesses can provide campaign-specific artwork while maintaining their overall brand identity.

Paper Bag Manufacturer for U.S. Businesses

Paperbag Indonesia is a **paper bag manufacturer based in Surabaya, Indonesia**, serving businesses and brands in the United States and other international markets.

We work with companies that require paper bags based on specific branding, artwork, dimensions, material, and finishing requirements.

For international orders, specifications and artwork can be discussed and approved before production so the finished bags follow the intended design.

Choose a Paper Bag Manufacturer

When choosing a paper bag manufacturer, businesses can consider available materials, customization capabilities, bag dimensions, finishing options, and the manufacturer's ability to produce packaging according to their requirements.

At **Paperbag Indonesia**, we manufacture custom paper bags using **210 gsm and 260 gsm Art Paper**, with **matte or glossy lamination** options. Paper bags can be customized with your logo, artwork, dimensions, and branding requirements.

If you are looking for a **paper bag manufacturer** for retail packaging, product packaging, branded bags, merchandise, promotional activities, or other business needs in the United States, Paperbag Indonesia is ready to provide custom paper bag manufacturing from Indonesia.
