

Dear Students,

As we move into the summer examination season, I wanted to take a moment to wish each and every one of you the very best of luck.

For some of you, particularly those studying Creative Arts, this important period is already underway. Your exams and final assessments have begun, and I know how much dedication, creativity, and hard work has gone into reaching this point. You should feel very proud of what you have already achieved.

For all students preparing for exams in the coming days and weeks, remember that this is just one part of your journey. Stay focused, take each day as it comes, and make sure you are looking after yourselves, rest, eat well, and give yourself the best possible chance to succeed.

I have attached a detailed [letter](#) from James Gordon, Deputy Principal, which sets out important information about the exam period, including key dates, expectations, and the support available to you. Please take the time to read this carefully so that you feel fully prepared and confident.

Above all, remember that we are incredibly proud of you. Your resilience, effort, and determination matter far more than any single result, and we are here to support you every step of the way.

Wishing you calm minds, steady nerves, and every success.

We are with you every step of the way.

With very best wishes,

Donna-Marie Janson
Principal
