

Privacy Policy for NotebookLM Plus: Tag & Search

1. Introduction This Privacy Policy explains how "NotebookLM Plus: Tag & Search" handles your information. We prioritize user privacy and adhere to the principle of data minimization.

2. Data Collection and Usage

- **No Personal Information:** We do not collect, store, or transmit any personally identifiable information (PII).
- **User Data (Tags/Categories):** The extension allows users to create custom tags and categories. This data is created solely by the user and is used only to provide the organization and search functionality within the extension.
- **Usage Data:** We do not track your browsing history or collect any analytics regarding your use of the extension.

3. Data Storage (Chrome Storage API)

All data (tags and category settings) is stored locally on your device using the `chrome.storage` API. We do not host any backend servers, and your data is never uploaded to any external server or shared with third parties.

4. Permissions

- **host_permissions (<https://notebooklm.google.com/>*):** Used strictly to inject the user interface (tags and search bar) into the NotebookLM website.
- **storage:** Used strictly to save your tags and categories locally on your device.

5. Third-Party Disclosure

We do not sell, trade, or otherwise transfer your data to outside parties.

6. Contact

If you have any questions, please contact the developer through the Chrome Web Store support link.
