

Tolins Tyres

Instagram Reel Script on Tolins Tyres

5000 tyres a day! Yes, that's what an Indian tyre manufacturing company does today.

Yeh hai Tolins Tyres ki kahani. 1982 mein K P Varkey saw this gap of lack of raw materials jiski vajah se imports in the tyre manufacturing industry were steadily increasing.

That is when he started Tolins Tyres as a small tyre and tread rubber manufacturing unit jahn unke sapne sirf tyre manufacturing unit se toh baht bade the.

Fast forward to today, and Tolins Tyres is a global giant, having their presence across 40+ countries, with a network of 3,700+ dealers in India alone.

Yeh old tires ko new operational tires mein convert karte hai and with AI-powered production lines, smarter solutions, and a relentless focus on sustainability, they've rewritten the rules of the tyre game.

FY24 mein inka revenue 227 crore tha jisme se 26 crore was their profit after tax.

Tolins is not just growing, it's thriving with a healthy **11% margin**, outperforming all their competitors.

After Tolins tyres being successful in their industry, KP Varkey expanded to other industries and created **Tolins World School, Hotels and Resorts, Tolins Food and Tolins Skin Science.**
