

Student, Parent, Teacher Conferences for Room 25
Spring 2016

Dear Parents,

During the week of May 2 to 6, 2016, DCS will be on half-day schedule in order to provide time for the Spring Conferences. The conferences are optional but usually a positive experience. We will be discussing achievements of the year as well as various aspects of high school.

To sign-up for a conference, please put your student's name in one of the cells below. If you can't edit the document, please let me know what email address is associated with your Google account, if you have one (if not, just tell me via email what time slot you want).

[Here](#) is a document that has suggested topics for conversation. The students will be creating their meeting agenda and sharing that document with you. They will also be running the meeting.
