KIMBERLY PURSUR
DIRECTOR OF THE RAM VILLAGE ACADEMIC
SUPPORT CENTER AND FACILITATOR OF THE
STUDENT SUCCESS TEAM
RAMPART HIGH SCHOOL, COLORADO SPRINGS, CO
RAMVILLAGEASC@GMAIL.COM

We all want to do what is best for our students! Sometimes it can feel like quite a chore! At Rampart High School we are trying our hand at using Google tools to collect and organize data for MTSS and Intervention classes.

We want to make the process of referring students to the Student Success Team as efficient and seamless as possible while giving teachers the ability to easily communicate with each other about that student. We also want to give students in Intervention classes the ability to easily sign in and out of class and check their emotional well being for the day while collecting and organizing data for our amazing new program!

Our session will explain the basics of Google Classroom and Google Sites as well as how we use them to support our staff and students! *You will get something out of this session no matter what subject you teach! **Please bring a device to this interactive session! We'll be using Pear Deck!! Response to Intervention RTI

Response to Intervention RTI

Targeted High Quality
Interventions
Intervention for All
Students

RTI Stands for
Really Terrific Instruction

Addressing the needs of all learners: From the A+ student to the struggling learner by differentiating instruction
