Auxiliary Reports

- a.** Speaker of the Student Senate
 - i. End of the Year Reports - get on them please! I know we are all swept up in elections, but they are VERY important.
 - ii. New Member Handbook is still chugging along.
 - iii. Rules Revision - we have ONE last resolution - BoG, External, Absence Policy, and random grammar stuff. It's gonna be a fun one!
- b.** Student Representative to the Board of Governors
- c.** Faculty Advisor
- d.** Staff Advisor
- e.** Academic Affairs Chair
 - i. EOTY - we just had our last meeting and we made a decision in an hour and 15 minutes!
 - ii. The RSVP is now closed, let me know if you still want to come.
 - iii. UGC is this Thursday, talking about the course repeat policy.
 - iv. I finally got to talk to Dr. Lee, but this looks like a big discussion. They actually look at every course survey, and apparently they have been consistently marking that they spend less than 6 hours every week on their CML courses, so they feel justified in having the tutoring.
 - v. We had another COMM 170 meeting. It was very disappointing and suddenly the tables turned and they went back to not wanting to consider test-out options. We are looking at 70 other universities, and they do not have a test-out, so it's not looking good. Stay tuned.
- f.** External Affairs Chair
 - i. Resolution: Kyra wanted every committee to have one resolution by the end of the year. We are going to write about the continuation of the high school service event, which is sadly not going to happen this year due to all of the circumstances.
 - ii. Dance-A-Thon: Our effort is done on that as far as I know. Just help them get the word out. It is April 21, the day before the retreat and it is kind of a come-and-go thing.
 - iii. April 17 - Ashley Young, Asst. City Manager is talking at 7 p.m., SUB 3203 about what the city is doing and things that you can do here during the summer.
- g.** Environmental Affairs Chair
 - i. We are working on Earth Week and it is getting finalized, there will be a money motion on Sunday.
 - ii. Earth Week is next week! We have another meeting on Thursday.
 - iii. I have talked to Laura about the blue bins, and we do not have the room for it. We will be looking into it because we give them out really quickly in the beginning of the year. There is also an idea to recollect some. It is hard to use the fee for this, so it is definitely coming out of the committee.
- h.** Student Affairs Chair
 - i. It is Student Appreciation Week!
 - ii. We had a small sodexo snafu today.
 - iii. Cookies are tomorrow, Thursday is scavenger hunt, Friday is Purple Friday on the quad. Please come to your shifts!

- l. Environmental Sustainability Fee Accountability Chair**
- m. Health, Wellness and Safety Chair**
 - i. Main thing: Today the Health and Wellness dialogues met today. Deanna and I had talked about the wellness requirement and things that would make it okay in our eyes. These things are:
 - 1. Only requiring first year students OR (if it is required all 8 semesters)
 - 2. Having faculty required to do it as well.
 - ii. Dr. Hurst spoke up on our side, requiring faculty to do this as well, to change the campus culture.
 - iii. This would be the same requirement for both faculty and staff.
 - iv. They mentioned having more discussions with students about sleep.
 - v. A variety of academic and non-academic components.
