Dear Parents/Guardians:

This letter is to inform you that multiple individuals at Chester M. Stephens Elementary School has tested positive for Coronavirus Disease 2019 (COVID-19). The District is coordinating closely with public health officials and following CDC, state, and local health department guidance in order to ensure the health and safety of our community. **All close contacts have been contacted.**

We continue to clean and disinfect all exposed areas daily. The school is taking precautions to prevent the introduction and spread of viruses and other germs and is cleaning frequently touched surfaces daily. The status of this situation is fluid, and we continue to work with the Mount Olive Health Department on any cases of COVID-19

We understand the level of concern regarding COVID-19. We encourage parents and students to continue following the [Centers for Disease Control & Prevention](https://www.cdc.gov/disease/index.html) promoted safeguards, such as:

- Staying home when you are sick;
- Washing hands often with soap for at least 20 seconds;
- Covering coughs and sneezes and properly disposing of tissues;
- Limiting close contact with people who are sick and not sharing food, drinks and utensils;
- Practicing social distancing (staying at least 6 feet apart);
- Wearing a face covering while in school; and
- Continuing to monitor your health for symptoms.

We appreciate our community's support and cooperation. You can assist us by remaining vigilant but sensible in your approach to dealing with this health concern.

Should you have any questions about this situation, please feel free to contact Dr. Susan Breton, Director at susan.breton@motsd.org or the Mount Olive Health Department at 973-691-0900.

Sincerely,

Robert R. Zywicki, Ed.D.
Superintendent of Schools
