May 22nd, 2005 - Dallas, TX

For the Spirit of God says, do you realize that there is a marked moment in time in the summer where there will be a divine transference of masses of amounts of money? Keep your eye on the gold. Keep your eye on that one substance. Also keep your eyes open for you shall see things changing with petroleum. You shall see things changing with something new that shall come forth. Invest into it says the Spirit of the Lord. You'd better listen some of you investors. This is not petroleum. This is not oil. This is something else that is safer and God wants to share a secret tonight. Go and study it. I don't have the words. The Spirit of the Lord has hidden it from me. But He tells me there's something other than petroleum or gas or whatever you call it, oil, that's coming forth that's gonna be used. Invest in it for it will bring some of you millions of dollars within a 14 month period says the Lord. It begins with an E. That's all I've got. <https://www.houseofdestiny.org/prophecy/word/?trid=128>

September 3rd, 2005 - Whittier, CA Big E, "Not petroleum", Source from Bugs eating stuff

What took place in New Orleans caused America to go into even a greater crisis. It's not the oil it's the refining of the oil that's the problem. And therefore we don't have time and that's what it is. God said remember what I told you about the big "E". For those that don't know it, God said there's a big "E" that's being brought forth. Not petroleum, this is going to be a new source. God said they are going to have to press in to get that energy or that source to this Nation. In other words they can not rely on the source or the natural resources. They can not rely upon oil.

There is something else, the government of the USA is about to release that, and release it it shall. It's going to be a fantastic thing. All I know is I heard it in the secret place. This is going to force the United States of America, where they are at the point where they will not rely on the Middle East anymore.

There will be a source that they will have within this Nation. It shall come from the garbage, it will come from the ground, it will come from paper, it will come from bugs eating a bunch of stuff. I'm seeing a bunch of bugs eating a bunch of stuff. God said this is going to be the craziest thing. They are going to say, Wow This is being wasted The creatures are eating what could be used to cause our engines to work and our vehicles to move. I'm seeing this bunch of bugs eating this stuff and there it is, that's it right there. When this happens, the United States shall rise above the wealth of the Middle East in terms of oil, and it shall take over, and they shall say now take your oil and shove it. This is the time for America to press in.

September 9th, 2005 - General Big E Prophecy

This day I will send you what you need and they will say oh how obvious it was. It was right before our very eyes. I am forcing you to go on the journey with the big "E". I will not let My prophet say, for this is not for him to know. There is a big "E" and it shall come forth through this Nation. How did we not realize that this will take place? You will not need the Middle East. I will promise you this, I will send you a new and a fresh thing that will come from the soil of this Nation.

They are saying, Oh, you said the oil and the economy shall be revived. Are you looking to oil when I already have something else that I shall use from your rocks and from your earth? Do you realize that America is being forced to embark upon a new energy source? America has been forced to go as pioneers again and create a new form of energy. And it's already there, it's right under your feet. It's not coming from anywhere else. It's not coming from the Middle East. It's coming from the soil of this Nation!

September 17th, 2005 - Detroit, MI Big E, No defect within 6 years

In this Nation a prophetic sound shall come, and as a result of it you will not need the oil of the Middle East. There is a new energy that is coming forth. The prophet knows it as the Big "E" but knows nothing else. A new form of energy is coming forth, America is pioneering it and it shall take you from a trillion dollar deficit to no deficit whatsoever within a six-year period says the Spirit of God. And the Middle East shall say you still need oil.

November 14, 2005 - Big E from the ground & bugs, Billions to be made by Christians

There is a source of energy that's coming out of this Nation where they will not rely on the oil of the Middle East. God gave me a revelation about the "Big E", that something's going to come from the ground, from the bugs. There are literally billions of dollars to be made in the next few years by Christian people if they would be wise and they would be perceptive. God is going to provide a way for you to invest and to make millions overnight. Take that as a key and a sign, it's yours.

December 31st 2005 Suprise from garbage, insects, not ethanol only, next 3 terms a christian at the helm

But a surprise is upon you, a great surprise from the garbage, from insects, shall come from beneath your feet a new source of energy. Not ethanol only, something else shall come out of it, says the Lord, discovered and in the next 18 months I will show My servants, the prophets, the places to invest and some shall say, "this is an Einsteinian craze" but it shall come from something that Einstein was discovering and bringing forth, but before his time, therefore I had to remove him. This is the time where discovery shall bring a new source of energy and it shall start in this Nation, says the Lord. Do not say, "Einstein, what about God?" God said, I worked wonders but now some of the theories shall become fact and God said, it shall be so surprising that people shall say, "what shall we do?" America - no deficit! America - no deficit! And in your White House I will keep for the next three terms a Christian at the helm, says the Lord.

March 10th 2006 Energy from Dung

It shall come to pass that the very things that science has been baffled by shall become something of an everyday affair. And they shall say, "What we did not understand, did we really think in dung there would be life? Did we really think that beneath our feet within the ground that there would be a source of energy? God said, I laugh at the enemy of your souls who has held you captive to the calling and the dictations of the Middle East. Are you hearing Me? For the Spirit of God says, I am going to take from nothing and make something. I am going to take from refuge and make it something. I am going to take from dirt and bugs and dung and make it something. And I will laugh at your enemies and say I can even take the nothing of this world and cause it to become something just as I did your life and just as I did with humanity. I took you from the dust of the earth and raised you up and made you something. So this Nation shall once again become a great force to be reckoned with because beneath your feet in the soil I will provide the trillions of dollars that are needed to make you deficit free.

I will even take the dung, there are other words to use for it, but I will be decent to tell you that God said, that is how mighty I am, that I can take from something that has no use to anybody, and I will bring forth from it energy, a source of energy that will cause you to say, we are free from the dictations of the East, the Middle East. <https://www.houseofdestiny.org/prophecy/word/?trid=85>

June 30th, 2006 Cheap energy

Now the Word of the Lord comes to this region. Did I not tell you that there would be discoveries? Did I not tell you from this region that there would come inventions? Did I not tell you that there would be cures that would come from this region and from this soil? Now let Me tell you a little secret - also from this region, says the Lord, shall come the divine intervention of God regarding your energy. For it shall happen, says the Lord, as I have promised. Watch and see. For they will say, "this has been spoken of, how can we drive a vehicle and yet it costs us less?" God says, even as the prophet Elisha came and said, "tomorrow about this time you will be able to buy flour for so much, and wheat for so much." God says, this prophet would tell you that in just a very few short years you will not pay \$3, you will not pay \$2, it will come below that. And you shall say, "How could this be possible?" God said, do not say it's impossible. For if you see it today, you will take a hold of it and I will change the economy of this Nation.

August 25th, 2006 (New source of energy that quiets existing cars)

There is a source of energy that is unfolding rapidly and when it does come, people shall say how quiet are the cars, how quiet are the vehicles. Why is it that we do not hear the roar that we heard before. How is it that we do not smell what we smelled before? In the fumes. It is gone. God says, what I am about to give this nation shall put you on the top of any financial authority and power.

<https://www.houseofdestiny.org/prophecy/word/?trid=56>

September 22nd, 2006 People who tried to stop new energy sources exposed

God says because of truth, it will come forth and there will be victory. Then the new source of energy will rapidly unfold and whoever has tried to stop it will be found out. There is something that somebody knows that must be stopped immediately. God told me to prophesy it because He is about to tell you, fossil fuels we've wasted our time, we've wasted our money, too much energy. God says it's going to be taken away with this new thing that is coming. This nation will not be brought to nothing, but will be in its greatest place, will prosper and be abundant and the church will flourish and once again they will send the missionaries and prophets throughout the earth so that God will prove himself again for the people and for this nation. <https://www.houseofdestiny.org/prophecy/word/?trid=50>

October 7, 2006 Beginning of 4 year revival, Property given to Gods people

I'm telling you that the new source of energy shall come from nothing and they shall say, "we never dreamed it would happen." And God said, rejoice America, for the beginning of a four-year revival and a year of restoration has begun and it shall carry you to the highest place spiritually for you shall see more churches filled than ever before. God says, property, property, property shall be given to you as a result of this huge breakthrough, says the Lord of Hosts!

<https://www.houseofdestiny.org/prophecy/word/?trid=47>

October 21, 2006 For God says, hear this: Until the new source of **energy** is released and discovered which is soon, I will give you remarkable breakthroughs in the soil and in the earth. And people shall say, "what has happened in Israel, why is there suddenly so much oil?" Because this Nation to be rid of the pests and to be rid of those that have made you look to them for your source of **energy**. That day is coming to an end. 2007 you shall say, the fall, the fall, the fall has brought about the **energy** that we need and then the race shall swiftly be changed in favor of the people of the Living God in this Nation, says the Lord!

October 21 2006 (Israel major oil discoveries before the Big E. Did this happen already or greater discoveries like with Zion Oil or some other company?)

For the discovery of oil shall continue in the land of the living, the brave, the free. For God says, hear this: Until the new source of energy is released and discovered which is soon, I will give you remarkable breakthroughs in the soil and in the earth. And people shall say, "what has happened in Israel, why is there suddenly so much oil?" Because this Nation to be rid of the pests and to be rid of those that have made you look to them for your source of energy. That day is coming to an end. 2007 you shall say, the fall, the fall, the fall has brought about the energy that we need and then the race shall swiftly be changed in favor of the people of the Living God in this Nation, says the Lord!

December 8th, 2006 Corruption slowed down Big E

Even the "Big E" says the Lord, they could have done more already, but because of power and because of corruption and because of money, God said, it has slowed it down. But the prophet has arisen and the prophets are speaking and they are not satisfied with the fact that this is going so slowly. God said, we must speed it up, so that there can be no reliance on the Middle East for your oil, no reliance on the Middle East for your energy. <https://www.houseofdestiny.org/prophecy/word/?trid=33>

December 31, 2006 - Tree is a sign of the Big E

Look to the tree, for the tree is a sign of that which will come with the "E" says the Spirit of the Lord. A new source of energy is now rapidly coming to pass.

<https://www.houseofdestiny.org/prophecy/word/?trid=30>

December 31, 2006 - Molecule E a new source

The molecule as a "E" a new source of energy that we have spoken of now to be unfolded, a discovery in a vehicle from Michigan, they shall say it was so simple. America look to your summer first in February suddenly as a wild fire it shall take place for the fires were a sign. The fires of California the winds that came and returned, they returned to Louisiana, they returned but so poorly. The wind has blown, the fire has come, now the Lord says in 2007 the wind shall once again come in a spiritual form but it shall blow away that which has endeavored to stay and make filthy the houses and temples of God. A new source of energy and a new level of evangelism.

<https://www.houseofdestiny.org/prophecy/word/?trid=29>

February 2, 2007 New source of from junk

A new source of energy shall suddenly emerge from the hollow, from nothing, from junk. Do not say it is ethanol. <https://www.houseofdestiny.org/prophecy/word/?trid=26>

April 4th, 2007 Big E, Ethanol shall then be changed into another "coli"

God said, and far far greater. For the year 2009 energy will have changed drastically. This Nation will have tapped into the "Big E" four times. Ethanol shall then be changed into another "coli" and then God said two more times and then there shall be a breakthrough in this Nation and you shall look at the Middle East and you shall say, "no more, no more of your deceit, no more of your control, no more of your oil, it's over." Our soil has presented us with that which we need to be independent of the Middle East, says the Lord!

May 5th 2007 The Treasure is a Sign of A Great Energy Fight in the sea, Energy in the sea & sea animals

"There is a fight. There is a fight and a rage in the seas. Why are they looking at the whale, the octopus, and the dolphin? What is this that they have found in the depth of the sea? Would this Nation once again tolerate theft from the hands of those that despise you America. No. Don't let them take what is hidden in your sea. Do not let them take what I have kept for the end time. Where I will raise up billionaires and billions of dollars for the Kingdom shall not suffer the poverty that it has. My people who are called by My name shall not be ashamed. For I delight in the prosperity of My people. As I told Simon Peter, find the fish, for the wealth is in the fish. They will fight but there is great wealth, great energy not yet detected which I will blind them to. For I will only allow My Nation that will honor Me to have this first fruits. You have given therefore you shall be honored says the Lord.

May 11, 2007 Global interruption, energy crisis, motor industry giving up

Do you think that I would send the prophet to your city, to your soil, and not speak to your economy? The Spirit of the Lord said, so great will be the change with the energy crisis - for the motor industry, that people will say "we gave up on it." But God said, I told you before those that give up cannot see, but this day I say these words to you: prepare yourself, for this that is going to happen shall come because of a global interruption.

May 27th, 2007 New Energy source from the sea and its also in the dolphin & whale

(Read Code Breakers 3 years later discussion June 19th, 2010 - The Den

<https://www.houseofdestiny.org/prophecy/word/?trid=327>)

Do you understand that what is taking place in the earth and in the sea of this Nation is huge, unusual, and they will say "it's gone back to dust, it's gone back to the earth." Energy is coming from the earth and the sea. For God says now the second one has been revealed. The second one has been revealed. It shall come from the sea, deep within the sea. God says, this prophet prophesied about the coin coming out of the fish's mouth a few weeks ago and suddenly they found great wealth in the sea in coins. This was nothing, this was a sign that what I'm going to do in the sea is greater than what they just found. For God says, in the sea there will be a great battle of the nations and they will say "we must take it as our own." For God says, energy is in the sea, energy is in the dolphin, is in the whale. Do you understand that they will fight about this, but God said, this Nation shall rise to the top because I will give them access first and foremost says the Lord!

June 16th 2007 5 new energy sources, Energy in land, sea air and sea animals

God said there would be a sign that the great "E" would be rapidity, an acceleration so that America would suddenly have five new sources of energy. There shall be five, not one, but five. They will say what do we do now, we have so many sources. Shall we create and design an engine in this way and shall we design a plane in this way? What about the air, what is in the air? God says, Listen what is in the sea? What is in the land? What is the air? What is in the dolphin, the whale and the octopus? Listen, God says America get ready to stand upright again. I will cause My church to prosper first for I will give the patent to you for this day I have said I will secure it until I find a righteous man who will take it and say I have patented it for the kingdom of God. It shall be given for God's work and God's work shall accelerate says the Lord. <https://www.houseofdestiny.org/prophecy/word/?trid=158>

January 26, 2008 New energy source that never dies out?

I pronounce from the Spirit of God that a new dimension of energy, passion, vigor has been released upon you, this house, the people of God who receive it.

New energy, and God says, because of the restoration of the energy and vitality and vigor upon my body, so I will release very soon the new source of energy, the new sources of energy to this Nation. It will only truly come about when My people enter into a new realm of energy that is coming from the oil of the Lord. The oil of the Lord shall bring the flame and your flame shall not go out. Your candle shall not go out. This energy that I bring to America shall cause the candle or the flame to burn continuously and never come to an end says the Lord!

August 8th, 2008 Energy come from sticks, stones, & water

Out of your own soil you will destroy the giant of the Middle East. Your energy will come from sticks and stones, your energy will come from the water of the earth. God spoke tonight about the watermelon. Most of you are saying what in the world are you talking about? I'm talking about God sharing secrets. If you've got enough intestinal fortitude you'd say I believe if Moses could speak to the rock and it could bring forth water and you could strike the rock, then God can bring out energy from anywhere He likes, even a watermelon.

November 9, 2008 - Detroit, Michigan to benefit greatly from new source of energy

There's an energy that's coming to this nation. There's an energy that's coming to this nation. The same energy that's being felt in this building, God said is a fuel that is being sent to this nation. You've waited long enough. The key has been given to unlock your source of energy says the Spirit of the Living God. So it shall be says the Lord!

You know what the city of light means? That the fuel source or your energy source is going to benefit governthis city and the auto industry. And God says you may have one bailout but no more after that because you will be bringing a source of finance to the United States of America because of this great breakthrough. <https://www.houseofdestiny.org/prophecy/word/?trid=247>

July 17, 2009 Detroit entertainment industry launched, a new Hollywood

Detroit, Michigan you've been the focus of attention. You mobility has become immobile but for the fact that I saved Ford motor company. For what reason? I will once again take Detroit, Michigan and it will launch into the entertainment industry. A new energy, a new source of fuel that shall fuel actors will become celebrities. December 11th, 2009 Star with Missing Point

There is a man who is filled with my Spirit. This man is in Anaheim who will come and invent something that shall give men access to the knowledge of God but in such a mysterious and unique ways that even the ungodly will be researching and searching and they will be filled with knowledge. And they shall come as the Saul of Tarsus came. God says they will come in because of the invention of this unusual key. It looks like a star but it's missing one point. Please keep your eyes open for this. "Kim, why are you telling us this?" Because I'm seeing it, my spirit has connected with the future.

Why?

Because this move of the Spirit that shall transpire out of California, Southern California, this that shall come out and emerge shall come out in such unusual fashion. Men shall buy it to listen to. They will sing it. They will speak it. But they will be speaking the Word and God say my knowledge shall spread through California to begin with, like the fires that you've experienced, the unusual fires. So God said the knowledge of the Lord shall fill the hearts and lives of men and this move shall not only reach the church but it shall go to every kingdom that exists and every area, the media. And God says people will say "We no longer need to do it in a fashion that puts people off. This is a brand new innovative way of reaching the unreachable and touching the untouchable." God said I'll raise up the prophetic voice and it will bring inventions and people shall prosper because of it says the Lord!

January 13th, 2010 - Munster, IN Firepointe will lead to technology that will allow Christian to minister into homes without television. (Hologram technology IE Star Wars)

For the discovery of a new source of energy shall emerge in 2010 says the Spirit of God. There shall be an emerging of the new source of energy and this nation shall be the ones that will propagate this. And they look at the beast of the east and they will look at the Middle East and say, "ha!" What about you now! We do not need you. We do not need the raven to feed the eagle. We do not need the raven to feed the eagle. We do not need the ravens to feed the eagle, that's what you shall say, says the Lord!

For those that want to invest, hear these words, for when it does come they shall say, "It is not going to be of anything." Fire Pointe, Fire Pointe - remember it, when it comes of those words it will be something that will accelerate the ability and a technology for us to minister throughout the earth within seconds and get into homes without the need of television. I've seen it; I know it sounds completely crazy. But I've seen it, and information, Daniel say, men's knowledge shall increase, men shall go to and fro across the face of the earth, and knowledge will increase and that's exactly what's happened, within minutes, in seconds we could transfer one file across the earth. Knowledge is going across the earth. God says this is just the beginning. For My prophetic word shall go throughout the earth.

April 16th, 2010 Earthquakes to release energy from a deep place in Earth

But God says, America, I am not going to judge you. I am going to chastise. Do not despise chastisement of the Lord. For the earthquake that has come shall release energy from a place that has been held deep in the earth.

Why do you think, that there are now eruptions? And from space they are coming to slam into the earth and none of my people shall be harmed, says the Lord. This shall be known as a miracle. This shall be known as a sign and a wonder. What shall happen is that the energy source that has been held deep within the earth for millions and millions of years, was being held for such a time as this. 'Do you realize, says the Lord, 'That you are living in a time that was spoken of by the Generals of yesterday.

Look as I point to the fire. And they will say the fire has been pointed to. And I will take men who have been astute and prudent in their dealings with finances. And I will make them billionaires, millionaires and extremely influential and wealthy and DO NOT say that it is not the desire of the Lord. I called Abraham out of the Ur of Chaldeas and his obedience made him the most influential and powerful and wealthy man on the face of the earth. Proving, to mankind that God is not restricted by a man's age. And there shall be an extension of age as Alzheimer's comes to an end in this decade, says the Lord. There will be an extension of age as Alzheimer's comes to an end in this decade and there will be an end to the humiliation of children, as I bring Autism to an end in this decade, says the Lord. Look to the fire point, it is pointing to the fire. It shall be an investment that you shall capture and make the money to make you debt free, says the Lord of Hosts tonight.

May 1st 2010 Warning not to give Firepoint to the ungodly

Some of you have been watching on "fire point" and Dave Nehi had an incredible thought about the power of "fire point" and the interpretation of it. Keep looking there. It will make you a lot of money. Don't let's give it to the ungodly, please; we need it in the kingdom of God.

May 6th, 2010 - Energy crisis end, word "Ecology" sign to new energy, everyone's life changed.

He doesn't like to be told when to bring a sign but He sends signs. And this is all about the energy that's about to be released. The energy crisis is coming to an end. The energy crisis is coming to an end. "Kim, that's impossible." Why? "Well, CNN." You have news before the pews right now, hearing from God; I've spoken about it for years.

In my vision when I saw the hand of the betrayer in the White House, I saw the word "ecology" and the Spirit of the Lord said to me this is a sign, because when these signs happen in the earth, I'm going to bring forth this new energy. It is going to change the life of every human being, everything. Now I can't give you any more. He's letting me see it bit by bit.

(April 3rd 2012 I saw a parchment with the word "Ecology" written on it. I have no understanding of that but I want you to know that's what I saw."

Sunil was going to speak about ecology, about the one person who wrote about it, one of President Obama's advisors, and I saw Ecology in the White House.

May 28th 2010 Energy Discovery in Saturns rings

Saturn! You with that mysterious ring around you contain particles of energy. I see dust and ice, but what is there that they shall discover. I speak to you in a mystery but I inform you tonight this earth is mine, says the Lord! They have endeavored to possess it. So I take just one, one, one of the planets and show them that they will hear the sounds of the sons of God. Saturn with the pretty ring around you, are you ready to bear something that science will never ever understand. Cambridge will tell us it's this; Berkley will tell us it's that. But God says I'll shine on you and I will shine on you, and show you what I gave when I created the earth, and when I threw out the stars, and I cast them out, you were on my mind.

12/12/2010 Oak Tree (Firepoint/Big e tech leading to other discoveries)

When the time comes, remember the oak tree, remember the tree. Invest in it for you will not make millions, you will make billions of dollars. Why? Because this shall be an upright thing that shall be discovered. It shall be from the earth and they shall say, we were walking on it, and the healing came from that simple thing. That discovery is about to be made. I give you a secret today: look to the tree. Look to the oak tree. Look to it in your investments because when it does come forth God said I will cause my people to prosper overnight for they shall bring cures to cancer, to diabetes, to neurological problems, to Alzheimer's and God said they will be known as diseases of the past.

December 31st, 2010 (New liquid energy discovered on Saturns mountains)

They will say that there is this liquid - this strange, strange liquid that is being used that you can put your finger upon and it wobbles, but it is elevated in the air. Saturn. Once again they shall discover rocks on the mountains of Saturn.

I know this sounds crazy. And they will say, "Is it outside of the earth that we will discover this? Surely the Lord gave the earth to the people, the sons of men. Surely the Lord gave the sons of men the earth. Revelation to man is only for man. Revelation that comes to man is only for man. And once I reveal to you what I intend doing with my planets - yes, mine - and if I choose to transfer something from one of my planets to another to affect the earth, so it shall be, for energy. Therefore, I speak of great prosperity," says the Lord. "I speak of great, great, great, great breakthroughs that I may take this nation that they call America, that they may take this nation that they call the land of the free, the land of the brave, from sea to shining sea.

March 15th, 2011 X & P Prophecy

I'm seeing this whole course; I'm seeing God do it right now. Regarding the source of energy - this is very important for people that are listening all over the world. I had two clues, I'm going to give you one today. I'm going to give you one clue now, which I haven't spoken of yet. The other one is the tree, the oak tree, which is a symbol that people have been researching but it's not yet revealed. But people have been searching out there.

It's a puzzle. God won't give us everything because it's not the right time. But something started with an "X" and it has a "P" in it. It's a very profound thing that's going to be worth investing in. I can't say the whole thing because I don't know it, but I had a dream and I saw an "X" and I think there may have been a number and then something else, and then "P." I'm only giving you what I prophetically hear; otherwise, I could be accused of representing a company. They could take me to court on that but that's what I'm hearing, and I hear things by the Holy Spirit and just say it. But it's also giving signs to the people that it's the time for the release of this new source of energy.

October 18th, 2011 Leaf/Star with missing point/firepointe

So I was holding up my hands and I said, "Lord, I pray now that You'd show me what this symbol is that is going to, literally, cause people to make millions of dollars, some of them tens of thousands." I said, "Put this into my hands now," and an amazing thing happened. Immediately, I felt something in my hand (other comments) - I felt something in my hand and it was that leaf that you saw me send a picture of the tweet and on Facebook. I didn't explain it clearly, and my assistant, Miranda, told me that it was not clear because she couldn't understand it - and I said, "Well, if you don't, then nobody understands what I was saying."

Obviously, I never explained it. It was that leaf, and I looked and on it was what looked like a candle-holder - a candle-holder like this (he draws it in the air), that goes down - I saw that on the leaf. Now the leaf just didn't materialize; the leaf obviously fell from the tree. But it was the exact moment I said, "Put it in my hand now," and there it was. So I felt like I should take a picture of it. As I took the picture, there was a lion in the background. If you haven't seen it, go onto my Facebook and look at it. It is a portion of this key that God is giving. It's not yet been released, but it seemed like it started around 2010 and it will become a very powerful public company, but it's not at that stage yet. That's why I'm asking you as the Warriors to take note of these things. Research, search, send in, help each other as a community and watch how God's going to take you out of debt. Take you out of debt! We're not just watching for God to drop money out of heaven. He's giving us keys; He's giving wisdom.

I also had the symbol of a star with one point missing, and then I saw "Firepointe." But you say, "Kim, I need it now." Be patient, be patient please. Let's pray together and when the time is right - and it's soon - we will be able to invest.

January 16th 2012 Appearance of the Big E of Firepointe (Firepoint first before the Big E)

This that I intend opening up this year and starting in February will be the first signs of the appearance of the Big "E," of "Firepointe," and the beginning of "debt-free" for many of you.

Jan 24, 2012 The one word that will lead you to Firepointe “Ludicrous”

Well now, look at what you just saw. Connect this to Firepointe, connect this to light - he's going to share something about this - and take note of one word. I'm going to give you a little test here to see if any of you can pick up the word that is going to be a company that you're going to be able to invest in. Listen to him now, already God's giving us something. It's a company you're going to be able to invest in - it's going to be connected to the Firepointe discovery. There's one word you're going to find there that's actually going to lead you to Firepointe.

The word is ludicrous first of all. Keep your eye on that; write it down. These are very serious things. The thing is, people may say, 'Well, we have computers today; we have the Internet. What I caught a glimpse of was something completely different, where there wouldn't even be a tangible screen, glass and whatever they use today. It's something completely different. I cannot tell you in words what it is, but it's something that - it's far greater than that. I honestly believe that Firepointe and this speed of light, this whole brand new technology that is about to emerge, connected to the word ludicrous, is what you must get ready to invest in. That's all I can tell you. If you're frustrated and saying, 'Give us more,' it'll come, but now's the time to really use your eyes, your spiritual eyes, your spiritual senses to pray . . . <https://www.houseofdestiny.org/prophecy/word/?trid=425>

That's optical fusion we're talking about because the minute the servant saw what Elijah heard from God, that fusion brought about acceleration, and that's why I'm saying to you keep your eye open - the Firepointes, everything else. It's going to happen and God's going to prosper you as a result of it.

May 8th 2012 Dicussion of word “Ecology”

Sunil: In this nation, and now shaking underneath the earth which could refer to earthquakes, and I believe you've mentioned before when things like this happen, a new source, new energies will start to appear, and I believe you had a vision recently and in that vision you had that word "ecology." Yes and how, I believe all these global interruptions that are occurring, all these signs relate to ecology and could also relate to the big energy discovery that you've been prophesying about for years. **Kim:** Yes that's totally what I feel it is because God said the shaking of the earth will release something that will bring an end to the energy crisis. <https://www.houseofdestiny.org/prophecy/word/?trid=316>

June 21st, 2012 Fire will point to E (Firepoint will come before the Big E, Read full prophecy)

I then saw, flashing in front of me, "Fire-point-E." This is all fresh and new, and I'm going to let Sunil take over at this point because I've given you what I can for now. I will write out many other things and I will not communicate it like this every time; I'll write it out and release it, whatever comes to me. But this is what I saw. We've been speaking about Firepointe and I want you (to Sunil) to share on this now because many are interested because God showed us about being debt-free. Many of you know about this and we're proclaiming it. It's going to happen. It's in this decade that it's going to happen, but it will be very quick. That's one of the things I noticed in these visions, that there was so much relief and so much joy and victory and happiness and laughter because of, (expression) "we're free." But I saw Firepointe again and it was going across and I caught a glimpse of it, but it was broken up into three sections: Fire-point-E. The E separately. Remember I spoke about the big breakthrough with the "Big E?" Never did I realize when I wrote Firepointe, when it first came to me, that it would also mean, it was Firepointe as well, but fire will point to E.

March 2nd, 2013 - Energy, Planets, 2 Crowns Investments

Where does our energy come from?' Have I not told you? The time is coming and now is where it shall be revealed, but how unusual shall it happen." I saw emblems; I saw two crowns. I saw two crowns, golden crowns, an investment. I saw two big leaves and they were blended together. And then something unusual happened. I was taken into the atmosphere and I saw the formation of a planet. I'm not even sure in my own mind what this means; I don't know, but I saw planets being formed, planets that were not that will be, and in their formation, a strange light and an energy. They shall say, "There is no such thing as that planet," but it is something that is being formed at this very moment for the purpose of My people. "You are that important to Me," says the Lord, "that I would do something that is not yet and bring from it and fashion that which will make you and your children prosperous.

TALKING ABOUT PROPHECY BEING LIKE A TAPESTRY AND HIS VISION OF THE TWO CROWNS AND SOMETHING TO INVEST IN

For instance, the two crowns I saw, it was something to invest in, it was an investment, a huge one. People can start researching that now. Actually, it was two crowns. I want to draw it because it has, what do you call that thing on top of the crown, the spike? What do you call it? Whatever that is, there's a certain number of them and then I saw the two leaves together, which I've got a picture of and I'll show you that and it will help many of you.

March 13, 2013 BBB (After narrowing down candidates over the years, most of us think its Brixton Metals (BBB stock symbol). Just in case it's not and is something else under a BBB concerning energy company or discovery, keep this in mind when researching)

I heard something the other day as well, "BBB", and I said to the Lord, can You make it a little bit clearer? People must invest, that's one of the things they should invest in. I feel like He's holding it back because you have to search it out yourself. Imagine if I told you to invest in such and such market and it didn't work out for you, you could turn around and take me to court or whatever. I think that could be one of the reasons. The other reason is that God would like you to search it out for yourself and find out, BBB. <https://www.houseofdestiny.org/prophecy/word/?trid=486>

July 31st 2013 Ludicrous, Firepointe

USA is going to get good stuff out there! I'm serious, they're going to be proud again. I'm not just talking about vehicles. Listen carefully when I share about things like Firepointe, when I share and give you words that I read in that book, that open-book vision that I had about "ludicrous" and all these things. Just keep your ears open and your eyes open.

September 28th, 2013 Firepointe, Attitude word clue, dominio effect

I want everybody that is watching to listen carefully to what I'm sharing right now because I was sitting here watching & praying and I suddenly got this thought about Firepointe again & the Spirit said to me, there's something in your prophetic gathering in Israel that is a hidden secret. There's a hidden secret with Firepointe & one of the words that we used in the concert was not just about Israel is Forever With An Attitude, but He said that word "attitude" & the red writing is a key and a secret regarding Firepointe, so I want you to research that.

I got it while I was in the hospital here, and God said to me, what you put on those mantles was more than just a message of having an attitude, but there would be something emerging with Firepointe that would also be attached to the word "attitude." If you look at "attitude," it's a-t-t-i-t-u-d-e. It's a key and I just got very excited here because I started getting revelation from the Spirit about how Firepointe is going to emerge so quickly & that's why people must keep their eyes open. So that's just a little piece of the puzzle, which was "attitude," the writing, and the red. We must look into that because this is just the beginning; it's like a domino effect with medical care & so on.

June 14th 2014 Two E's and Volcano & Earthquake sign

There are two "E's" that I see. One "E" is the word "erupt." The other is "earthquake." Many are prophesying about earthquakes, but there is a national park where there is an eruption under the earth. For it to come out, and many say, "it is just simply an eruption." But it is not. It is a sign that I shall contain that which would try and be destructive in this nation. A volcano as a sign. And then there will be another earthquake, says the Lord. Keep your eyes open, for this sign is to cause the earth to yield of its produce that the great "E" may come forth rapidly. This is My promise, says the Lord. Therefore, take heed today as you come to Me and strike the rock.

December 13th, 2014 - From The Den. Laying out the plan

You just heard from this Den, God's prophet laying out a plan, entering into a new era of energy.
<https://www.houseofdestiny.org/prophecy/word/?trid=590>

May 2nd 2015 Globe experience social, political & economic upheaval. Shift of Earth's surface.

I want to tell you one more thing that I saw. Let me tell you what the words were. The words that came to me were social and political upheaval, economic upheaval, deluge, and violent action. We have seen this happening in other parts of the world, in Third World countries. The Spirit of God spoke to me about the earth experiencing a violence that would produce changes in the earth's surface and deeper. Now I don't know if you know this, Sunil, but I've just been told -that they say that the earth is actually lifted in Nepal and Mt. Everest has dropped by a few inches. Now I know that that sounds weird but I didn't know this and of course we have to verify this and Johnny usually shares facts.

But before that was shared with me, I heard these words. He spoke that clearly to me about a shift in the earth's surface and deeper and He said it would be for a greater purpose than people have said, disaster or judgment, but to unlock some treasures in the earth. I know that in our world we say, oh come on, how can that be? But we've seen God speak through signs in the sky and through planets through me, through treasures in the sea and through the dolphins and all this kind of stuff. And now we're seeing how God spoke about the earth and the earthquakes, which I prophesied a few weeks ago. These are not just earthquakes as has been prophesied before that would bring destruction or to bring judgment, and that could very well happen, but the point I'm saying is there are earthquakes that will also bring forth revivals or restoration in the economic world.

Speaking of that, I'm speaking of Firepointe. Many of you are interested in that because you know that God spoke to us, gave us a name, Firepointe, and said that this was going to be unlocked at a certain time to bring great prosperity to the Body of Christ. If you believe that poverty is a virtue, if you believe that poverty is characteristic of God's people, you are hopelessly mistaken. Now I don't believe in the get rich quickly issue that has been taught, or the prosperity gospel, but God blessed Abraham and Isaac and Jacob and blessed many throughout the Scriptures and gave them great wealth so they could be affluent and influential.
