

FORMAT EXAMPLE OF (COMPLETELY FICTIONAL) PROGRAM DESCRIPTION

TITLE

What You May Not Know About New Ethical Standards Effecting International Business Law Litigation and How AI Technology Could Support a Successful Outcome

DESCRIPTION

Hear from our panelists to learn how it started versus how it is going. The involvement of collaborating privacy, intellectual property, and foreign bar business law lawyers has created an unexpected discovery regarding how to prepare for your day in court by utilizing AI to search for precedents, pleadings, and witness statements from 100 years ago to predictive jury results relative to the evidence you provide

WHO should attend: New Lawyers in practice for 20 years

WHY should you attend: An in-front-trend approach for the next discipline of the legal profession

WHAT will you learn: How AI Technology Could Support a Successful Outcome in Court

MCLE QUALIFIED
