***What is a commission :** It's when someone pays you (usually with real money [Paypal or mail]) to draw something for them.

Please, make sure you have read my T.o.S before commissioning me.

Commission Status :

Traditional : OPEN

Digital : OPEN

TABLE OF CONTENTS :

- What I need from you
- Order form
- I will draw / Will not draw
- Materials (that I use)
- PRICES FOR TRADITIONAL
- PRICES FOR DIGITAL
- Final word

What I need from you :

**Wish to get started or simply have questions ? E-mail me with the subject "Commission", or send me a note on DeviantART, or you can fill in the [Commission Form](#) on my Wordpress.*

If you don't want to fill the form in my wordpress, but you prefer to send me an Email, you can reference the form and its categories for your e-mail. I will then reply with your total cost.

**Please make sure to include what you're looking to commission. Giving me information like the size, style, amount of characters and what the work will be used for will help me to better serve you. The more detailed you are in the initial email, the less time we spend in the concept stages.*

**You can provide me with a detailed reference sheet, in which I will see all the markings, scars, accessories that are optional, and those which aren't.*

**No picture ? No worries ! Just please describe your character as detailed as possible.*

**Provide me with a precise description of what you want.*

*If you have a backstory of your character, linking it to me will be appreciated.

*Any specific poses ?

*How you want your commission done. Ex: "I would like a colored, full body with no background commission of my character."

***I will draw :**

- Canines, felines and lookalikes (maybe other animals, just talk it out with me !).
- Were / Anthro / Furry.
- I can "animalize" your human characters.
- Original characters / Original species.
- (Mostly scaleless) dragons.
- Natural settings and elements (trees, grass, water, fire, etc...).
- Clothing (depending on complexity...ask me).
- Artistic nudity.
- Erotica or plain NSFW (ask me).
- Blood (ask me if you want more than just blood).
- Other violence, and humorously offensive work will be considered on a case-by-case basis.

***I won't draw :**

- Humans (unless you provide me with a really good photo reference and / or drawing reference).
- Robots / machines / cars...as the main subject. If these get included, they are more likely to be undetailed / sketchy.
- Chibis.
- Offensive and insulting material (racism, sexism, homophobia, etc...). I will not draw anything I consider too offensive in general.
- Cell shading and lineart (I know how to do it, but it just isn't my style...you can ask me if you absolutely want that, though).
