From:

Subject: Long Stay Visa Application, cover letter

Dear Sir/Madam:

Thank you for considering my Long Stay Visa Application for French Polynesia. I am a citizen of the United States of America, sailing to New Zealand with my husband, [REDACTED]. We left our home country in 2024 and are currently in Panama, intending to sail to the Marquesas with an arrival in April of 2025.

The purpose of our stay is tourism. We plan to sail between the islands of French Polynesia until July of 2026, learning about the culture, traditions, and way of life. We are excited to see the country's beauty both above and below the water.

Please find the following in support of my application.

1. Signed and dated application form
2. registration receipt
3. passport, with passport photos and copies of relevant pages of the document
4. letter promising not to seek or exercise any professional activity in France
5. Bank statements with proof of funds to meet needs while in France
6. marriage certificate
7. letter detailing accommodations while in France, including vessel documentation certificate
8. proof of health insurance for duration of stay

Please do not hesitate to contact me with any questions or concerns.

Again, thank you for your consideration.

Sincerely,
