Broccoli Seed Oil

Broccoli Seed Carrier Oil is cold pressed from the seeds of *Brassica oleracea*, yielding a pale green to golden oil with a light, earthy aroma. Known for its high erucic acid content, this oil is a natural alternative to synthetic emollients, enhancing the performance of skin care and hair care products.

Due to its lightweight texture, Broccoli Seed Oil offers exceptional versatility, blending seamlessly with other carrier oils, essential oils, and active ingredients. The result is a final formulation with an enhanced, luxurious texture and quick absorption.

Botanical Name: *Brassica oleracea*

Origin: Canada

BENEFITS

Silky, Lightweight Emollient: Broccoli Seed Carrier Oil has a unique, non-greasy texture that absorbs quickly into the skin. An excellent alternative to silicones, it enhances softness and provides a smooth, velvety finish without leaving a heavy residue.

Enhances Skin Care Products: Rich in erucic acid and essential fatty acids, Broccoli Seed Oil helps to improve the spreadability and texture of lotions, creams, and serums. Its natural conditioning properties are ideal for luxury product formulations.

Natural Lustre for Hair: Offering a plant-based alternative to synthetic silicones, Broccoli Seed Oil adds a soft sheen and enhances hair manageability without weighing strands down. It is a key ingredient in hair serums, leave-in conditioners, and styling products.

Stable Shelf Life: With proper storage, Broccoli Seed Carrier Oil maintains its stability and efficacy, making it a reliable ingredient in various personal care formulations.

DIRECTIONS AND USES

- **Silky Serums & Moisturizers:** Improve texture and emollience by incorporating 2–10% Broccoli Seed Oil into face creams, serums, and balms for a smooth, conditioning effect.
- **Shine-Enhancing Hair Care:** Add 1–5% Broccoli Seed Oil to hair serums, leave-in treatments, and styling products for a natural, lightweight gloss.
- **Softening Body Care:** Formulate body butters and lotions with 3–10% Broccoli Seed Oil to enhance spreadability and provide a silky skin feel.
- **Conditioning Lip Products:** Use up to 5% in lip balms and glosses for a smooth application and a natural shine.
