--------	----------	--------------------------------	--------

Time

All classes will take place Mondays and Tuesdays 6-9pm

Location for the manual practice:

Jivita Ayurveda, 89 Chamberlayne Road, London NW10 3ND, T: 0208 9644 993

Course reading:

Vanhowten, Donald: Ayurveda & Life impressions Bodywork, Lotus Press; 1997

Gordon, Richard: Quantum Touch: The Power to Heal, North Atlantic Books, U.S.; Jan 2006

Jivita Academy of Ayurveda: Manual for Ayurvedic Therapists (free)

Homework:

20 case studies

Self-study of online presentations related to the weekly topic (in our portal)

Assessments:

Students will take two practical assessments, one at the end of the program, and the other once case studies have been handed in. The written assessment is also done at the completion of classes.

Written assessment is a multiple-choice questionnaire of 80 questions. Students will need to bring their laptop / or use the academy laptop to complete the assessment online.

Practical assessment 1 is taken at the final attendance class in April. During this session the students are assessed if they are ready to go and carry out their case studies. If not, they need to take extra one-to-one training lessons.

Practical assessment 2 is taken when handing in 20 case studies. This assessment establishes whether the student needs more (one-to-one) tuition or is ready to be certified.
