EarthBound Zombie: I'm a Zombie! It's in my job description!

Ash Williams: Wait, you're an honest to God Zombie? Not some Deadite shit?

EarthBound Zombies: 100% bonafide Zombie, in the rotting flesh. I even joined the union.

Ash Williams: Fuck yeah! I've never* killed one of those before!

EarthBound Zombie: Bad luck for you, pal, you aren't starting today. I have two weaknesses: children that shoot fire, and pretty girls. You're neither.

Ash Williams: Let's get groovy.

- *Ash Win*

Ash Williams: Damn I'm good.

Earthbound Zombie: Ack! You've killed me! Just kidding, I'm already dead.

EarthBound Zombie: No way. How am I supposed to win the prize if I do that? I'd get disqualified!

Frank West: Just Here For The Scoop™ (and a lot of free money)

Rottytops: Paparazzi? Already!? I haven't even won the prize yet!

Frank: Sorry, little green girl, I've got a story to break. I suggest you tap early or I might end up breaking your knee-caps instead.

Rottytops: Aren't you afraid to wrestle a Zombie? I might eat your brains, you know?

Frank: You're supposed to be a Zombie? You aren't even rotting. I should know, I'm an expert by now.

Rottytops: Why you! I've had to put up with a lot because I'm a Zombie, but this is the first time anyone's decided I wasn't one. What are you, some kinda zombie fanboy?

Frank: No way, I've just killed plenty enough to know the difference.

Rottytops: Then me and you have an entirely different kind of problem...

Frank: Don't take me too lightly. I've covered wars you know?

- *Frank Win*

Rottytops: Dag nab! I lost to this clown!?

Frank: I don't know if you're really a zombie or not, but you sure are brain-dead if you ever thought you could beat a hard-boiled journo like me.

Rottytops: Ooohh... Guilty as charged...

Frank: You sure are durable, though. I hope the rest of this competition isn't a bunch of spooks and ghouls like you.

Rottytops: I got a look back-stage, and all I've got to say is- no promises.

Frank: I swear, if I wander into one more apocalypse...

- *Rotty Win*

Rottytops: You're pretty good, old man! In fact, if I ever see you again, I promise I'll keep my snacking to a minimum.

Frank: Old man? I'm not- hell, I can't even beat some little 'zombie' in a wrestling match. Maybe I am getting a bit too old for the action thriller lifestyle.

Rottytops: Don't worry too much! I'm just really good at beating people the first time I meet them. I would give you a couple retries, but I really want the prize...

Frank: Ah, go on, git. I already lost my bet.

Japchink: RHAT IS RITE NOW YUU GET ON CAMERA

OD: What is taken from the library, is to be returned to the library!

OD: You'll pay for this transgression. Death is too kind for you!

Z: Bring it on, Vampire!

- Zangetsu Win

OD: Well, Zangetsu. I admit defeat.

OD: The book is yours to keep.

OD: Why, just take the whole library while you're at it!

OD: Vampire, remember? I am immortal, you know.

OD: And now, my book, please.

Z: Grr... here you go... now leave me be.. I need to tend my wounds..

OD: Very well, let this be a lesson for you.

OD: It seems that I have fulfilled my primary objective. But since I am already here, I might as well try to grow my collection.

OD: I must say.. those japanese tomes look quite intriguing! Why, never have I seen such interesting drawings in a book. I think they call them "Doujins"...

OD: With the riches I will obtain at this place, I will be able to buy thousands of them!

Leon: So what are they hiding here?

Pax: The question is -who- is hiding here. Is it the sheep that strayed from its flock?

Leon: Who the hell is this guy?

Pax: Or is it the farmer girl whose field needs to be plowed before the seeding?

CR: Or perhaps it's the creepy guy with the monotone voice and the face only a mother could love.

Pax: Oh, she loves me dearly. We are a big, happy family. It is unfortunate that you stand in the way of our reunion.

- Leon Win

Pax: This was not supposed to happen. Mother will be most displeased.

Leon: A real mommy's boy, aren't you?

Pax: I think you friend is much more invested in mother issues. Perhaps you should ask him why-

CR: [BLAM!]

Leon: Chris! You just shot him in the face!

CR: Relax, he's probably used to it. Besides, I doubt Umbrella would share any useful intel with its freaks before they sic them on us.

- Paxton Fettel Win

CR: What are you? Some kind of miniature tyrant?

Pax: How could I tyrannize them? They are me, and I am them.

Leon: In other words it's mind control they're researching here. Because the Plagas weren't disgusting enough.

Pax: I am but a humble shepherd that seeks to return a wayward lamb back into the fold. For it was deceived, and thinks itself a falcon.

Pax: But before the wings are cut, there is a girl I should like to talk to. She so does remind me of Aunt Alice.

BSW: Seiga - is that your master? Why did she send you here? What are your orders?

YM: Uwaah! Yoshika nearly forgot! Seiga said that it's time to go 'Trick or Treat' on people. So, do you want trick - or treat?

BSW: Oh god. Let me guess ...for a jiang-shi, the treat consists of human flesh. So what exactly would you do for a trick?

YM: Eat you anyway.

BSW: That's it? Seriously? Whoever raised you obviously wasn't good at it!

YM: S-shut up! Seiga is the best master! And Seiga says I'm her best jiang-shi! Her best girl!
