ADMIN USE ONLY

- Health and Safety - Fire Exits and where they are.
- Toilets - Back near the bar and another set in the Shop area
- **NWGC Food/Drinks Policy:** Please feel free to bring or order food into The Gaming Centre, but we do ask you to not bring outside drinks into the venue and rather that you support us by purchasing drinks from the fully stocked and licensed bar here. Thank you for your continued support!
- Drinks - Can order stuff via the QR codes on your table and have it brought to you.
- Food - There's crisps and cakes and chocolate at the bar. There'll be a 1 hour lunch break.

- Pairings - Before I do the pairings, please include a team name (or even something made up) and in the first round of pairings I will attempt to shift people around to avoid club-mates or travel buddies. Also make sure you are CHECKED IN on BCP.
- In the final round, pairings are what they are - if you're playing your friend or someone you've already played... That's how it is for the final.
- Table numbers are stuck on the tables - low numbers here, higher numbers there.

- Odd Number - If there's an odd number today I will make up the numbers and function as a regular player to avoid pairings disruption.
- Round Times - There will be 50 minutes play time in a round and 10 minutes either side for setup and results.
 - I'll come round with 15 minutes left in the round, then 5 minutes - try and ensure then each player gets enough actions to finish equally (both players have had a time for equal activations each).
 - At full time, it's wrap up. Both players get even activation and then dice down. Report your scores.
 - Hopefully we have a clock on display somewhere but if not I'll show the laptop screen / digital timer. When you hear the alarm it's time up.
 - For the final game there is a little extra time to wrap up and ensure things are resolved to a decent amount but it won't be too long as we don't want to stop people getting home

- After the game, confirm your score with the opponent before submitting on BCP. It should only need one of you to register the result.
- Scoring - 3 pts a Win, 1 for a draw, 0 for a loss.
 - Tie breakers are Glory Difference, Glory For and then Games Lost.
 - With the numbers we have today, there is potential for multiple people to end the day undefeated.
- Rules Queries - Check your card, check the rulebook, check the FAQ / Errata and then grab me if you're unable to resolve it at the table yourselves.

- Prizes - There's prize support for the top players provided by Element. There's also a Best Warband and Best Opponent vote at the end and some spot prizes through the day.
- For the Overall winner AND Second place, we have World Championship Qualifying Spots.
- Best Warband - Please leave your Warband before going for Lunch and when returning, come vote. Each warband gets numbered, write down the number on a slip of paper and put it in the voting box nearby. I'll announce the winner at the end.
- Best Opponent - After the final game, write down the name of your favourite player on a slip and drop in the box!
