

17.If You See Her Say Hello

RE.🎵 CHORDU=OK!

[If You See Her Say Hello chords - Bob Dylan](#)

Capo on 2nd fret (sounding key D major)
C/G: 3x2010

[Intro] sequence

A G | A G A | D | A G | A G | A G | D |

[Verse] sequence:

D G D A D

If you see her say hello, she might be in Tangier

G D C A

She left here last early spring, is living there I hear

Bm G D G

Say for me that I'm alright though things get kinda slow

Bm D/A G D

She might think that I've forgotten her, don't tell her it isn't so.

D G D A D

We had a falling out like lovers often will

G D C A

And to think of how she left that night it still brings me a chill

Bm G D G

Though our separation it pierced me to the heart

Bm D/A G D

She still lives inside of me we've never been apart

D G D A D

If you get close to her kiss her once for me

G D C A

I always have respected her for doing what she did and
getting free

Bm G D G

Oh whatever makes her happy I won't stand in the way

Bm D/A G D

Though the bitter taste still lingers on from the night I tried to
make her stay

D G D A D

I see a lot of people as I make the rounds

G D C A

And I hear her name here and there as I go from town to town

Bm G D G

And I've never gotten used to it I just learned to turn it off

Bm D/A G D

Either I'm too sensitive or else I'm getting soft

D G D A D

Sundown yellow moon I replay the past

G D C A

I know every scene by heart they all went by so fast

Bm G D G

If she's passing back this way I'm not that hard to find

Bm D/A G D

Tell her she can look me up if she's got the time
