CODEPATH✳ORG

Frequently Asked Questions

Application Questions:

- **Are applications for CodePath Tech Exchange (CTEx) 2026 still open?**
  - No, applications for CTEx 2026 have now closed
- **When will I hear back regarding my application?**
  - We have started sending acceptance and rejection emails to all candidates.
  - Keep an eye on your inbox (and spam folder) for emails from CodePath's admissions team
  - If you have not yet received an email from CodePath with the decision of your application, it means your application is still in review and you will hear our decision soon.
- **I got rejected. Can I know why?**
  - We are unable to provide feedback at this stage, but we encourage you to visit the CodePath site for other opportunities to get involved with CodePath.
  - Thank you for your interest in CodePath Tech Exchange - this was an incredibly competitive admissions process and it is clear to us that you have bright things ahead of you.

Eligibility Questions:

- **I don't have 2 Summers left before Graduation, am I still eligible to participate in CTEx?**
  - CodePath has decided to waive this requirement. If you received or receive an email confirming you've been selected to participate in CodePath Tech Exchange 2026, you are in!
- **I am currently enrolled in the Data Structures course, am I eligible to participate in CTEx?**
  - Yes! You need to have completed Data Structures (or the equivalent prerequisite at your school) by the start of CTEx, in January 2026.
  - We will connect with your school to confirm you have either successfully completed the Data Structures course, or are doing well and expected to complete it this semester.
  - Your acceptance into the program will be contingent upon a final check at the end of the semester that you have completed this prerequisite.

Course Related Questions:

- **Which courses will I take?**
  - As part of the CodePath Tech Exchange, you will be required to take and complete 2 courses: *Algorithms and Systems Design* with GenAI and *Careers in Tech.*

- ○ You will also be strongly encouraged to take our elective course *Introduction to Software Engineering with GenAi.*
- **Will I be able to get credit towards my graduation for completing the CTEx courses?**
  - ○ Check with your university.
  - ○ Each university has different rules, and CodePath is in touch with each university to ensure we're aligned.

Tools Related Questions:

- **I do not have a laptop for the course, what should I do?**
  - ○ Reach out to your school advisor for available options at your institution.

Program Related Questions:

- **What is CodePath's Code of Conduct?**
  - ○ You are expected to follow both your school and [CodePath's Code of Conduct](#).
