-Absent: Ernesto Flores

Questions/Feedback from Community

-Drop-off/Pick-Up - Traffic on 2200 West - Maybe have a flyer sent home again and have the Student Council create posters to re-educate.

-District Community Council Meetings - Need a Vista Community Council member to attend. Brittany Kessler has volunteered to attend.

-Unity within the School Dual vs. Non-Dual Students.

Training for Community Council Members

-Community Council Videos to watch at home. Julie will send out links for videos.

Principal Report:

Vista Technology (Becca Vala- STS)

-Survey Information - It costs \$8,200 to replace 28 Chromebooks and Chromebook Licenses.

-Out of 18 teachers, the majority vote was to replace Chromebooks instead of Sound Systems in classrooms. As of date, Vista has 444 Chromebooks that will not be supported by the district at the end of this school year.

-With the rough estimate of \$14,600 in funds allotted to technology, \$8,535 has been used for Chromebooks and the rest was used to purchase 6 Sound Systems for classrooms.

-Donors Choose, Companies (Grifols-possibly), and Grants are other ways to help with creating funds for technology needs.

Land Trust budget

-Updates - Funds are still being used for Para needs.

K-5 Interventionist

-Amy Johnson is being hired with extra .5 FTE once approved by the district. Main focus will be helping younger grades and needs created by larger class sizes, but will also spend time with upper grade students (especially 4th) as well.

LIA / SLCC students

-Latinos in Action and SLCC Students will be working in the classroom. With the SLCC students we will be looking to hire as Paras at the school too. They all will be used in small groups throughout all grades.
