2025-2026 Forbes Electives for 7th Graders

All 7th grade students will select **two electives** for the school year. Please rank electives from **1-8** in order of preference below. While we will make every effort to place students in their **first-choice elective**, factors such as class size, scheduling conflicts, and availability may require placement in one of your other ranked choices.

Please note the following requirements:

- Students are required to complete **two full years of PE/Athletics/Tennis**.
- Students are required to complete **one full year of a fine arts course**.

Elective classes offered for the 2025-2026 school year will be determined based on student interest. The feedback provided on student course selection forms will help guide our planning and staffing decisions to ensure we meet the needs and preferences of our students.

High School Credit Courses: (See GISD Student Handbook for information about High School Courses and GPA). Once a high school credit course is taken and credit is received, students cannot take the course again in 8th grade.
