- Click on **Timer**

- Select anyone - **Hive Talks or Just A Minute Talks or Peer Reviews.**

- Green, Yellow and Red time limits are set by default as per different segments. However, the timings under the limits are adjustable.

- Enter **“Enter Speaker’s name”** and hit **“Start”**.
 - o Speaker’s name should be **unique** else it will be replaced with the latest time captured.

Green Limit (minutes)

0.5

Yellow Limit (minutes)

Stop

- Green, yellow, and red cards are flashed according to the limits set.

- Once stopped, it will be captured under Speakers List (**JAM Speakers**).

- The above set is an example for Just A Minute Talks (JAM). It works in the same way for **Hive Talks** and **Peer Reviews**.
