[California just shy of 100% powered by renewables for first time](#)

[California ISO on Twitter: "After reviewing data from 4/30/2022, the @California_ISO is pleased to announce it set a new record of 99.87 % of momentary demand served by renewable generation at 2:50 p.m., a significant milestone along the path to a carbon-free power grid." / Twitter](#)

[Daniel M Kammen on Twitter: "California achieved 100% renewable energy today. Very clear we can achieve ~~100~~ clean energy everyday before 2030 if we cut the fossil fuel subsidies and political inertia. @GavinNewsom @Prof_MPastor and I wrote about this last year in @sfchronicle https://t.co/ac1dyK1Z7Z https://t.co/xagQ3s4yKo" / Twitter](#)
