

Kylie Jenner - Questions and Answers

Kylie Sits Down with Erin Andrews

Erin Andrews, back from her little hiatus, sat down with Kylie Jenner to discuss breaking news for the Badass Barbie Stable.

Erin: Welcome, Kylie.

Kylie: Well, Erin. Do you have anything to say first?

Erin: About . . . what?

Kylie: About your childish behavior in Dublin.

Erin: You have to see it through my eyes. I honestly felt I was being replaced. I'm not usually insecure but . . .

Kylie: Do you really think I would do that to the top sports reported in the business? Someone who I paid a small fortune to and put in charge of all of the Badass Barbie Promotional Events.

Erin: Well, I guess not when you put it that way.

Kylie: You know that you are the best and that's why you work for me.

Erin: I know but when **Ashley Brewer** showed up I felt a little insecure. She's a lot younger than me and well, she's beautiful. I guess I felt threatened because she's very popular and is very good at getting people to open up.

Kylie: Ashley will be at the next Tournament and will be in the fighters corners during the fight. She was hired to get an insight on what it feels like to be a cage fighter in the UCC.

Erin: I hope she is not queasy?

Kylie: Queasy?

Erin: There can be a lot of blood sometimes. If she gets too close she might get splattered.

Kylie: Ashley will be just fine.

Erin: Then she's not replacing me?

Kylie: She will actually be working under you. You're her boss.

Erin: I'm so sorry, Kylie. Let's start with some questions that I've been working on. The word is that you hired some sort of security expert.

Kylie: You could call her that I guess. Yeah, she's our security expert.

Erin: Do the Barbies need a security officer?

Kylie: Actually she'll have a few specific duties. Security will be one of them. She will also be in charge of Intelligence and our Cyber Infrastructure.

Erin: This is so exciting. Spying, Espionage, Undercover work. Who is this Secret Agent?

Kylie: All I know is that she goes by the name **"Baroness"**.

Erin: She sounds . . . dangerous.

Kylie: Trust me. She said that **Alex Danvers** will have nothing on her.

Erin: You mentioned Danvers. Was the Baroness hired to combat her?

Kylie: Yes. I'm tired of having Raccoon infiltrate our systems and break into our fighters' homes.

Erin: I take it you're referring to the **"Incident"** at the recent Monthly meeting?

Kylie: That was horrible being stunned like that. The Baroness is working on that right now. She has a few leads already.

Erin: I think it's fairly obvious that **Chyler Leigh** is behind it.

Kylie: We're not jumping to conclusions but Chyler is our number one suspect. We will get to the bottom of this.

Erin: It sounds like everyone is upset that **Joalin Loukamaa** has officially gone missing. I heard that she was offered a contract to join the Badass Barbies and that she was going to accept when . . .

Kylie: It sure looked that way and now she’s missing and to top it off we are being blamed for the incident.

Erin: How is Kristen doing? I heard she is so upset and hasn’t left her bedroom since the incident.

Kylie: It’s not only Kristen who is upset. **Jordyn Jones** and Joalin really hit it off and were working on some TikTok routines that would have gone viral.

Erin: I’ll bet that **Cara Delevingne** and **Ashley Benson** will miss her foot massages

Kylie: I know nothing about that but Joalin will be missed around here.

Erin: If the Baroness finds out what happened, will Joalin be returned to the Barbies?

Kylie: If she decides she wants to join us then yes, Joalin will be our newest member. We fear for her safety and the Baroness tells me that Joalin may have already been brainwashed by Danvers. We may never get her back.

Erin: Will the Baroness be looking into other possible Raccoon atrocities?

Kylie: I'm tired of those damn Raccoons getting all the scoops. They seem to know what's happening before it even happens. They have spies everywhere and they are never caught off guard. The Baroness will get to the bottom of this.

Erin: Isn't **Dove Cameron** your “Eyes and Ears” so to speak?

Kylie: Dove hears a lot but I want her to concentrate on defending her Lightweight Title.

Erin: How is Dove taking being on the cover of the latest **TKO Magazine**? Being accused of being a **“Slut”** by such a prestigious publication like TKO must not have sat too well with her.

Kylie: Dove has thick skin. She will be alright.

Erin: I read her response to **Mr. X**. Did you approve of all of this?

Kylie: Dove and I had a heart to heart and she really wanted to be on Hellfire Girls Club. I was going to start up negotiations with Mr. X. and his **Secretary** assured me that he would get back to me but she never did.

Erin: Dove has done an excellent job in the cage but all she talks about lately is Oil Wrestling.

Kylie: We've talked about that. A couple of fights in the Pit and now that's all she wants to do.

Erin: She did beat the Badass Barbies enemy number one. **Chloe Moretz** has been a thorn in the Barbies ass for a couple of years now.

Kylie: I'm not saying that Dove isn't an amazing Oil Wrestler and beating Chloe was awesome. Dove has to concentrate on her MMA first and foremost.

Erin: She also easily handled **Natalie Alyn Lind**. Beating Natalie like she did was no easy task.

Kylie: What Dove did to Natalie was impressive. We were getting our butts handed to us by the Wicked Queens. **Madison Beer** and **Bella Thorne** both took brutal beatings before Dove gave us some revenge.

Erin: I saw the images of Natalie Alyn Lind as a brunette. That had to be humiliating for her to get her ass kicked like she did and then have to dye her hair.

Kylie: That was part of the deal. If Natalie won, Dove was willing to become a brunette.

Erin: Now I saw that Dove posted pics of herself as a Brunette shortly afterwards. Is Dove now trying to copy Natalie?

Kylie: No, that was kind of a ***Fuck You*** to Natalie. Dove was showing Natalie that she's also a better looking brunette. I don't think these two are done with each other.

Erin: Doesn't Oil Wrestling play into the Dove being a slut narrative?

Kylie: Dove is a fighter. She may look innocent but deep down she's a killer. Just go and ask Chloe and Natalie or ***Jessa Hinton***.

Erin: You also fought in the Oil against ***Ariel Winter*** and ***Demi Rose***. Did you feel the same energy that Dove felt?

Kylie: Not at all. Like I said earlier, I got my ass handed to me. Taking

on two Wicked Queens was a srupid idea. I'm just glad I came away with a win.

Erin: Maybe it should count as 2 wins.

Kylie: Sure, I'll take that.

Erin: What really stole the headlines in New Zealand was ***Shailene Woodley's*** performance. Is anybody going to stop her?

Kylie: I feel really bad. A lot of other Barbies get a ton of press but Shailene just sticks to it and does her job day after day. While Shailene seldom goes to the gym she spends more time on the mental aspect of fighting than all of us combined. She studies Tai Chi and uses meditation to get herself into the proper state.

Erin: I interview Shailene every month and she never talks much about herself. Is she shy or just modest?

Kylie: After a win Shailene probably gives more credit to her opponent than herself. She's an incredible fighter and has an amazing body but seldom shows it off. Shailene listens to her body and only works out when it tells her it needs it.

Erin: She currently has a 10 fight win streak and is the number 1 fighter taking over your spot.

Kylie: It's not just winning 10 fights. It's who she won them against. 5 straight title defenses and a Tournament win against the top Welterweights in the UCC.

Erin: Let's see. Kira Kosarin, Bella Hadid, Bella Hadid, Kira Kosarin, Britney Spears, Bella Hadid, Kira Kosarin, Leryn Franco. That's an impressive list.

Kylie: I personally know how tough Bella is and Kira has to be one of the strongest fighters in the entire league. Shailene is amazing and she does it because she loves fighting not because she wants a TKO cover or any fanfare.

Erin: What about the Bratz? ***Kelli Berglund*** and ***Paris Berelc*** aren't setting the UCC on fire.

Kylie: They're young and still getting their feet wet. I like what I'm seeing from both of them.

Erin: I see them in the gym lifting weights. It looks like they both put on a lot of muscles.

Kylie: They have been sculpting their bodies and both are a lot stronger than when I recruited them.

Erin: It might have backfired for Kelli when she got in the Oil Pit. ***Sammi Hanratty*** ran circles around her and pretty much shut her out.

Kylie: Kelli took the loss really hard. She wasn't ready for Sammi but Paris fought her way back and got a big win over ***Maddie Ziegler***. They will be ready for their tag team rematch. Between Dove and the Bratz I'm running out of Baby Oil.

Erin: The 3rd Bratz, Jordyn Jones had a nice comeback win over World of Fights **Emily VanCamp**.

Kylie: A lot of us were concerned after Jordyn lost to Queen of the Cage **Cecila Rodriguez**.

Erin: That was hard to watch especially after coming in with a 9 fight win streak and being the favorite.

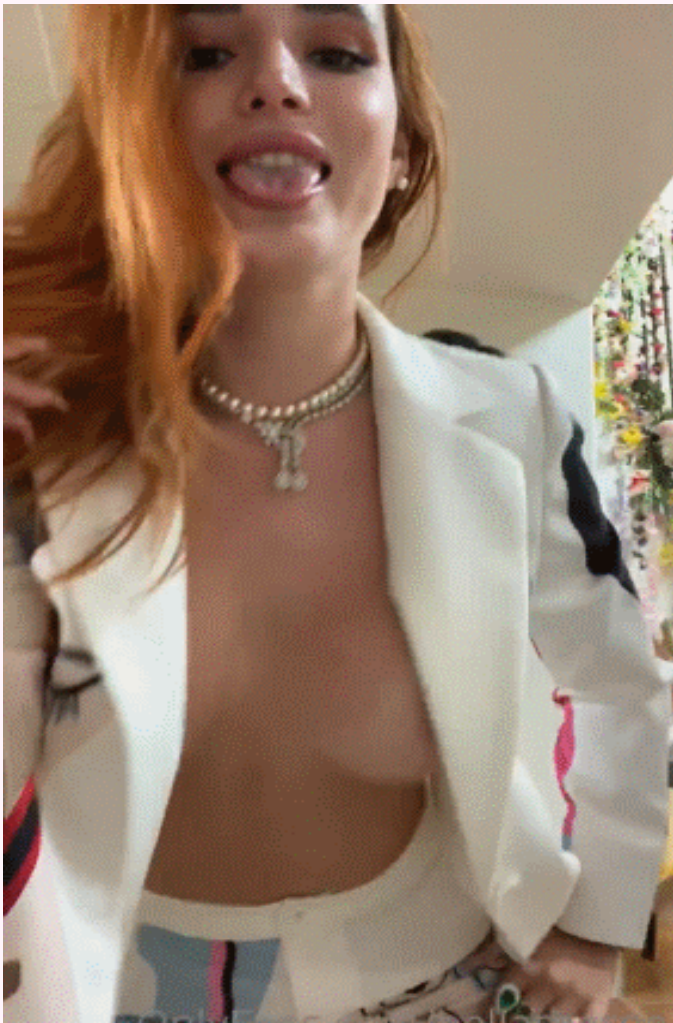

Kylie: Most fighters would be affected by something that traumatic but the next day Jordyn was in the gym training like nothing happened. After her fight with Cecila she spent a lot of time on her lower body and her flexibility. It really paid off against Emily.

Erin: Will she still collaborate with Joalin even if she never becomes a Badass Barbie?

Kylie: I know Jordyn would love to but we'll see what the Baroness comes up with.

Erin: Jordyn is 10-2 and will be defending her Lightweight Evening Dress Title at the upcoming tournament. How far do you see Jorfyn going? Is a title shot in her future?

Kylie: The sky's the limit for Jordyn.

Erin: **Bella Thorne** is another Barbie who has struggled at times and is barely ab

le to stay above 500. Is she in danger of losing her roster spot?

Kylie: Bella is safe especially after her win against **Charlie XCX** . You have to remember that she had an 0-4 record when she joined us and has fought her ass off to get to where she is. She just needs to take that next step.

Erin: Bella is 12 and 9 now so I guess 12 wins and 5 losses isn't that bad.

Kylie: Bella needs to string some wins together.

Erin: She fights in the highly competitive Welterweight Swimwear Division. Do you think it might be smart to move her to an easier division?

Kylie: Bella is going to get better by fighting the best, not ducking them for a few more wins.

Erin: Now Bella has been accused of **“Stealing Money”** from her **OnlyFans** members.

Kylie: That's so stupid. Bella is a genius. None of those members have guns to their heads. She made \$40 million in her 1st month and had

over 40% of all OnlyFans followers.

Erin: Is the same true for Vanessa Hudgens? You banned her from taunting on the Forum and that hasn't made much of a difference.

Kylie: That was only because she was getting carried away.

Erin: I see that Vanessa is a favorite of the **“Conspiracy Pigeon”**. They have been harsh on her. Is she going to be OK?

Kylie: Vanessa is going through some hard times lately. Being accused of being a **“Witch”** and practicing **“Dark Magic”** is devastating to her career. I know that Vanessa is tough and will pull through it. She's really an **“Angel”** deep down.

Erin: You have to admit that she likes dressing up as a Sorceress or a Witch. People might get the wrong idea.

Kylie: So what, you should go down to Holly Boulevard and see what people wear on a daily basis. Vanessa is a sweetheart

Erin: Now I'd like to close or interview with and talk about **Miley Cyrus**.

Kylie: I'm so happy for Miley. She deserves to be the Featherweight Champion. Nobody has put in more time and effort than Miley.

Erin: She's had her moments against World of Fights **Catrinel Menghia** but has come up short on several occasions. What did she do differently this time?

Kylie: It comes down to familiarity. Cat has a huge reach advantage that Miley had trouble dealing with but as you saw, she figured it out.

Erin: She immediately went to social media and showed off her new belt wearing it around her . . . chest.

Kylie: Well, Miley is Miley. She is going to do whatever she wants and I say more power to her.

Erin: Thanks for taking time out of your busy schedule and again I'm sorry for ever doubting you.

Kylie: Never let it happen again or Ashley will replace you.
