TRANSLATION AGREEMENT
(only for articles submitted in portuguese or spanish)

We, the undersigned authors, "**(insert authors' names)**", submit the article "**(insert article's name)**" for evaluation by *The Journal Of Psychology*: *Theory and Practice*, and agree to have our article translated into English if it is accepted for publication. We acknowledge that the translation must be performed by one of the translation companies recommended by the journal, and the costs associated with this process will be borne by the authors and paid directly to the party responsible for the translation. We agree to meet the deadline of 30 days from the acceptance of the article to submit the translated version to the journal. Additionally, we agree that, if our article is accepted, it will undergo rigorous scrutiny via anti-plagiarism software to safeguard the integrity of the journal's publications. This outcome may influence the editorial decision or imply the request for revisions.

Open Science Compliance Form

Through this form, the authors inform the journal about the manuscript's compliance with Open Science communication practices. Authors are requested to provide the following information: (a) whether the manuscript is a preprint and, if so, its location; (b) whether data, program codes, and other materials underlying the manuscript text are properly cited and referenced.

Preprints

Manuscript deposition in a preprint server recognized by the journal.

Is the manuscript a preprint?	
( )	Yes - Preprint server name: Preprint DOI:
( )	No

Availability of Research Data and Other Materials

Authors are encouraged to make all underlying content (data, program codes, and other materials) available prior to or at the time of publication. Exceptions are allowed in cases of legal and ethical issues. The goal is to facilitate manuscript evaluation and, if approved, contribute to content preservation, reuse, and research reproducibility.

	Are the underlying contents of the manuscript already fully and unrestrictedly available or will they be at the time of publication?
( )	Yes: ( ) The underlying contents of the research are contained within the manuscript. ( ) The contents are already available. ( ) The contents will be available at the time of article publication. Please provide titles, URLs, access numbers, or DOIs for the files of the underlying contents of the article (use one line for each piece of information):
( )	No: ( ) Data is available upon request from the reviewers. ( ) After publication, the data will be available upon request to the authors - condition justified in the manuscript. ( ) The data cannot be made publicly available. Please provide the reason below:

Data Repository Recommendation:

The Journal of Psychology: Theory and Practice recommends the use of _Mendeley's_ and e OSF, for greater visibility and security of our authors.

If you use another data repository, please inform us:
