

Title: Preparing for the CA Assessment of Student Performance and Progress (CAASPP) Test

Audience(s): District Administrators, Site Administrators, Other Instructional Leaders, Teachers (general education and special education)

Grade Level(s): 3-12

Overview:

Gain a thorough understanding of leveraging and implementing resources aligned with the California Assessment of Student Performance and Progress (CAASPP). Delve into the intricacies of the CAASPP blueprints and gain expertise in understanding Interim Assessment Blocks (IABs) and Formative Interim Assessment Blocks (FIABs) within the Math CAASPP Test.

Develop a comprehension of the claims and targets associated with the California Assessment. Use IABs and FIABs to equip yourself with the skills to dive into detailed data reports generated by these assessments. Analyze overall trends by standard to pinpoint areas needing additional support and reteaching.

Understand the practical application of resources on the "Tools for Teachers" website, where you can access student support materials, lesson plans, and effective teaching strategies tailored to individual needs. Explore how to identify focus students through data analysis, determining those who may require a more intensive level of support.

This comprehensive training ensures that educators are well-equipped to navigate CAASPP-aligned resources effectively, maximizing student success and promoting a data-informed approach to instruction.
