THE FACTS ABOUT VAPING

Tuesday, August 22 | 5-8pm
Watertower Estates, 525 W. Springhill Rd.

Join us for an informative presentation and discussion about the prevalence of Electronic Nicotine Delivery Systems (ENDS). These are most commonly known as vapes or e-cigarettes and were promoted for years as the "healthy" alternative to smoking. This is far from true. Learn more about the vaping epidemic in Vigo County and what you can do to help.

by August 10.

Please join us! We need an RSVP because the barn only holds 60!

VOICE will be kicking off the beginning of the school year with a training held on August 15th from 5:30pm-6:30pm at Chances And Services for Youth.
