Request Guide:

*For convenience, please copy and paste this template into a new google doc and compile all references within the document.

*The drop down menu doesn't work unless you use google doc, or you can manually type your choice up if another platform is in use.

*Leaving any section N/A or blank will automatically give me artistic liberty.

*If you choose etc. in the menu please specify your request in custom input

***Scroll down for a 2-characters-request guide**
