5. Register or Log in at app.karma.red

**==> Please, double-check your password, remember and save it <==**
It's a blockchain, you will not have any opportunity to restore or change the password.
So, if you will lose your password — all your funds will be lost, like in any other crypto.
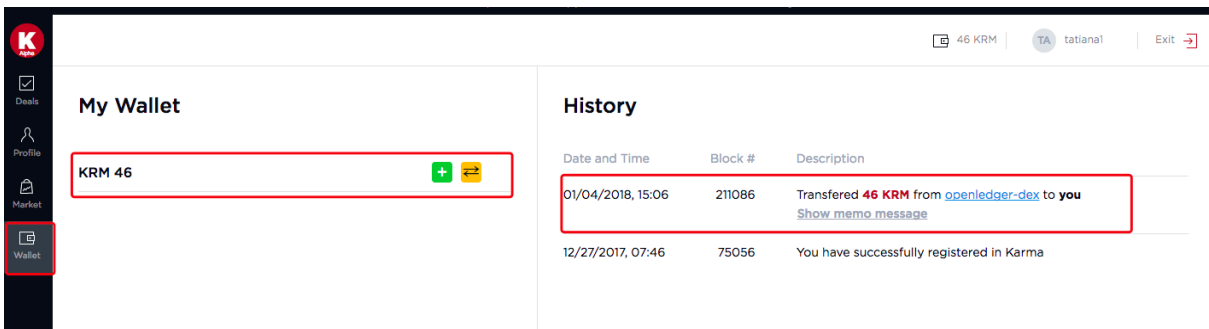

6. Check your account name in Profile page

7. Come back to OL, check the withdraw to address, volume to transfer and press confirm button.
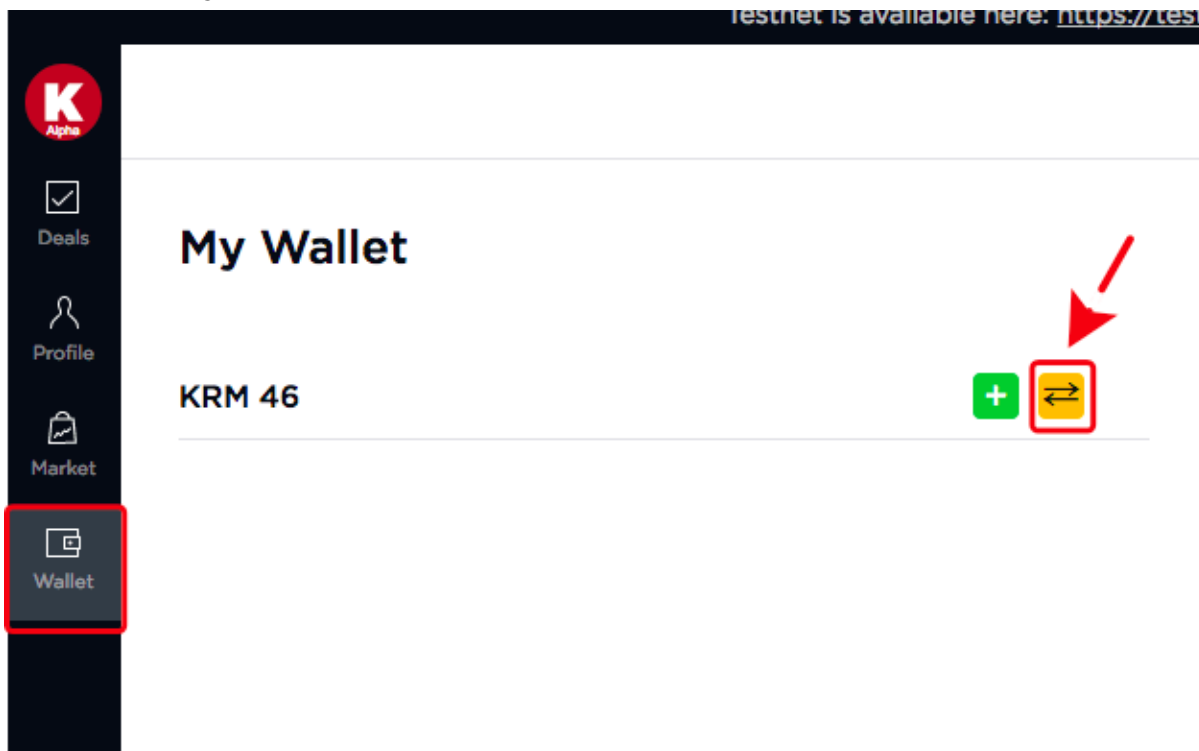

8. Success! You can see tokens in your Wallet in Karma blockchain (app.karma.red)
It may take about several minutes, please, be patient.

How to deposit KRM tokens
from Karma Blockchain to OpenLedger

1. In Karma Blockchain (app.karma.red) choose Wallet
**and then click yellow "Transfer" icon**

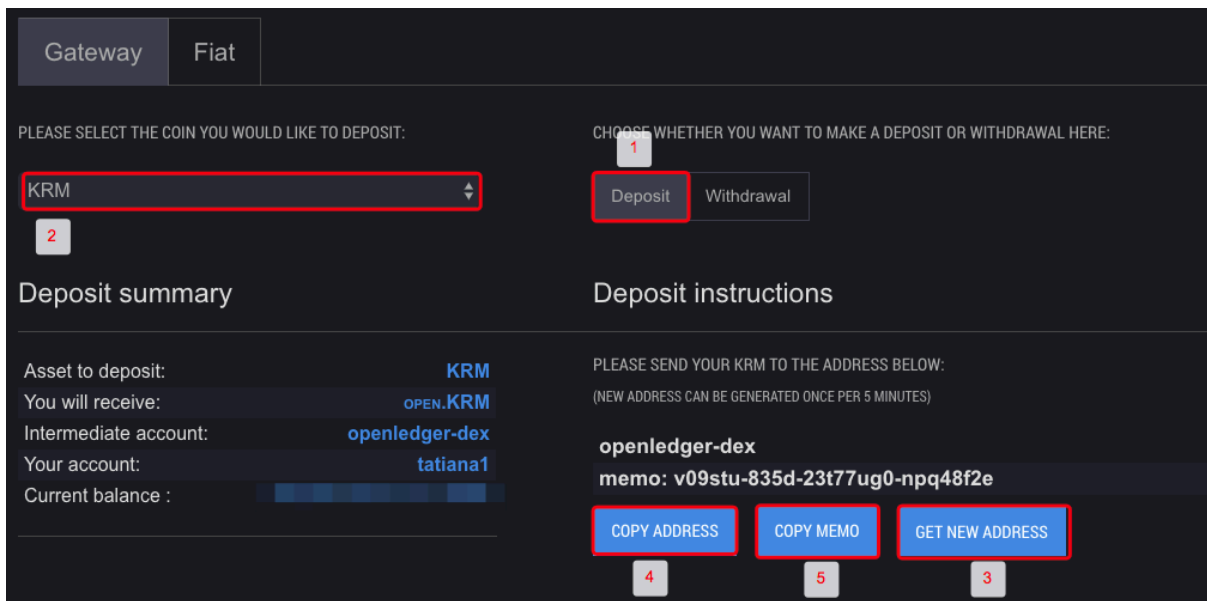

2. Login in to your OL account

3. Go to Deposit/Withdraw

3. Choose "Deposit" (1),

then select KRM (2).

Then you need to press blue button "GET NEW ADDRESS"(3) and wait until address and memo text appears.

To copy address and memo to Karma blockchain use only "COPY ADDRESS"(4) and "COPY MEMO"(5) buttons. Do not copy with your mouse or touchpad, use only blue buttons.

4. Paste copied address and memo in Karma Blockchain transfer form.
Put the memo in "message" field.
