THE GLOBAL GOALS For Sustainable Development

Getting to Know the UN Sustainable Development Goals: Station Creation

Task: Work with your group to create a tri-fold board on your assigned goal that includes the following:

- An overview of the goal
- A few statistics
- Visuals
- Ways you can help reach the goal
- Local connection

Sample:

Local Connection	Goal #: Goal Name UN Graphic	How you can help Specific ways
Optional: Places affected, maps	OVERVIEW Statistics Visuals	Visuals *5th grade friendly language

- ★ You have been assigned a goal and group based on the Interest Survey you completed.
- ★ These boards will be one of the stations at The World We Want Fair. Fifth graders will receive a 'Goals Passport' to take notes on as they learn about various goals. **The level of language used on the board should be appropriate for fifth graders.**
- ★ Plan out your board before you start putting anything on it. You will do this in a document we share with you. Be sure to check for typos before printing.

- ★ Be creative and make the board visually appealing! Color printing is available when you are completely ready.
- ★ This assignment is being graded. It is worth 30 points.

Timeline

1-2 days research and planning

**A draft of what is going on the board should be done at the end of class Friday. We will be looking at these over the weekend.

1-2 days printing and assembling the board

**All boards are due by the end of class on Tuesday, February 11th
