

Dear Maarten , members of Promotie , volunteers and everyone else who was involved in this action ,

Thank you everyone's donation from this market who donated their products for the poor ones , a big thanks for all the volunteers and members who collected and repacked all these products . It was unbelievable to see so many quality and delicious food in one transport.

The truck with the PLMA goods arrived on Monday morning (05.06.2023), immediately we have started to unload and sort the big mountain of food products. All our partners with whom we are working were waiting the call to came because certain products needed refrigeration and was necessary to hurry with distribution.

The Social medical Center from Deda managed to refill their refrigerators and storage places for their beneficiaries and use all the received products in their daily cooking. At the moment they have 43 people to feed every day three times. They were very happy with the received products.

Rainbow foundation as well received goods here is their message `` *Just like last year, the Szivárvány Foundation has received a significant and valuable donation this year again. Honestly, the quality products we received (sausages, yoghurt, sweets, etc.) would never have put on our children's table. It was a very nice feeling to go from house to house and see faces beaming with joy, as the photos attached to the letter show. We would like to thank the Van den Heerik Foundation for their continuous support over the years, we are grateful for that. Thank you very much, Istvan Ady Reformed pastor Rainbow Foundation Filpisu Mare``*

Toth Attila from Teleios Organization has been receiving as well food for their projects here is his message `` *Dear friends. The food transport today was amazing. So many good quality amazing food. Many poor children and family will have a great dinner and food for the next days. We started to share in Glodeni, Reghin Apalina. Also a part will feed the orphan in our childrens,home and afterschool program. What a day, what a joy. Thank you very much for all the effort you made this to happens. May God bless you all``*

The Community of Urmenis we are supporting for many years already, our friend Elena is doing a great job there caring for the most vulnerable ones. Here is her message also : `` *My dears. Many good and beautiful things have reached us. Great joy for both children and parents. There was a lot of food and sweets,*

*so useful. Maybe they are not aware of the efforts you make for us, but I want to thank you on their behalf. During this period, we have many parents who have gone to Germany to work and many children left in the care of grandparents or relatives who are struggling and live from day to day in the hope that those who left will return with money and get rid of all their worries. Most of the time it doesn't happen like that. When they return, the money earned is barely enough to pay their debts and after a few days they are again in the same desperate situation. I have 6 families in the breakfast program, who consider themselves very lucky and the mothers tell me every time how peaceful they are in the morning when they wake up and know that they have something to feed the children. It is perhaps strange for us to understand what it is like to have no food in a house, but unfortunately such situations still exist. I can't imagine how hard it is for a mother not to have food for her children. I like to believe that, with your help, I managed to reduce the number of these cases in my community. Once again, thank you, and I wish you a beautiful summer. With love, Elena.*

Other Organizations like Viorel from Deaj , Marin from Band , John Fracker from Viile Tecii, Katinka from Lunca Mures , Jozsi from Targu Mures has been receiving products for their projects as well to improve the life of the needy ones .

Sweets and cookies has been given to different churches who are organizing different activities for the children and elders as well.

An again a week full of events is behind us , we are glad that we manage to give out all the received PLMA products to our contacts , they all do a great work thank you for being part of it !

Warm Regards,

Fazakas Imola and Csabi
