San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Alena Z.

Tutor
San Antonio Math Include

Alena is part of the Class of 2023 at Jasper High School. She has been practicing math and piano for 11 years and has participated in competitive math for 8 years. She is an officer at her local math club. Her favorite subject is biology, and she enjoys reading, cooking, and sketching in her free time. When volunteering for a Girls in STEM mentorship program, she explained graphs to another student and discovered that teaching someone else is very rewarding. She hopes that by joining SaMi, she can help other kids discover the fun of math.
